

# A Beginner's Guide to Using IRAF

IRAF Version 2.10

Jeannette Barnes

*Central Computer Services*

August 1993

## Abstract

IRAF is a general Image Reduction and Analysis Facility providing a wide range of image processing tools for the user. IRAF is a product of the National Optical Astronomy Observatories and was developed for the astronomical community although researchers in other scientific fields have found IRAF to be useful for general image processing. This document is intended to provide the novice user with a brief introduction to IRAF and its Command Language (CL) user interface.

The author would like to thank the members of the IRAF group for comments and suggestions during the preparation of this document.
