Irenicon Aidan Harte,2014-04-01 If there were stars for world building Irenicon would be a five plus no question SFX The book is a fountain of gorgeous detail festooned with enriching codices and enlightening subtly subsumed exposition Sci Fi Now The river Irenicon is a feat of ancient Concordian engineering Blasted through the middle of Rasenna in 1347 using Wave technology it divided the only city strong enough to defeat the Concordian Empire But no one could have predicted the river would become sentient and hostile Sofia Scaligeri the soon to be Contessa of Rasenna has inherited a city tearing itself apart from the inside And try as she might she can see no way of stopping the culture of vendetta that has the city in its grasp Until a Concordian engineer arrives to build a bridge over the Irenicon clarifying everything the feuding factions of Rasenna can either continue to fight each other or they can unite against their shared enemy And they will surely need to stand together for Concord is about to unleash the Wave again **The Warring States** Aidan Harte,2013-03-28 The second book in the Wave Trilogy set in a darkly original alternative Renaissance Italy After the rout at Rasenna Concord faces enemies on all fronts and nobody believes that the last surviving Apprentice is equal to these crises but Torbidda didn't become Apprentice by letting himself be manipulated While Sofia is struggling to understand her miraculous pregnancy the City of Towers grows wealthy But it's not long before the people of Rasenna start arguing again and as the city falls apart once more Sofia realises she must escape Etruria to save her baby When prophecy leads her to another cesspit of treachery the decadent Crusader kingdom of Oltremare Sofia begins to despair for this time she can see no way out *Spira Mirabilis* Aidan Harte,2014-03-27 Darkness is falling and only Contessa Sofia can turn the tide in this thrilling final installment of the Wave trilogy In the 1347th year of Our Lady the engineers of Concord defeated the fractious city state of Rasenna using the magical science of Wave Technology The City of Towers fought back and for a while Concord's plans for domination were halted But First Apprentice Torbidda regrouped and reformed Concord to his own design Now he is in absolute control and plotting the final battle that will pacify Etruria permanently Contessa Sofia Scaligeri could rally her people once again but she is far away in the Crusader Kingdom of Akka trapped with her son by the tyrant Queen Catrina Darkness is falling The final battle must be fought and the tide must be turned lest evil reign forever
