Essays in Controversy - Some Disturbing and Unsettling Realities Sumitra Woodhull, 2014-10-24 This is a piece of work predominantly inspired by the author's own experiences as a person of minority ethnicity in a racially biased multiracial society. The many experiences of prejudice in such a society have prompted the author to advocate against such abuses of human rights. **Short Essays** Gerald Levin, 1995 **Fictional Realities / Real Fictions. Contemporary Theatre in Search of a New Mimetic Paradigm** Mateusz Borowski, Malgorzata Sugiera, 2009-03-26

The collection of essays *Fictional Realities Real Fictions Contemporary Theatre in Search of a New Mimetic Paradigm* tackles the problem of fictionality and reality in contemporary theatre practice and playwriting. It approaches this hotly debated issue in a larger context of the theories of theatrical and dramatic mimesis. The volume provides an answer to the most recent developments in performative arts such as the widespread use of new media technologies, the popularity of site-specific productions and the flourishing of various post-dramatic forms of expression. The phenomena scrutinized in this collection call into question the basic dichotomy between the fictional and the real on which the theory and practice of the Western theatre has been based right from its inception. However, due to their extremely heterogeneous character, they pose a considerable problem for researchers and teachers who still do not find a widely applicable methodology for the analysis of contemporary performances and texts for the theatre. *Fictional Realities Real Fictions* sets the discussion of the onset of a new mimetic paradigm in three interrelated contexts: the new perceptual patterns forged by contemporary theatre, the use of media on stage and the strategies of today's political theatre. The case studies presented here, in spite of their thematic diversity, are subordinated to a single theoretical framework. Thus, they turn out extremely useful both for the scholars investigating the problems of contemporary theatre and students of theatre and drama. *Fictional Realities Real Fictions* offers them a rigid methodological scaffolding supported by a number of illustrative examples from a variety of cultural contexts and theatre traditions, which gives them an opportunity to extrapolate from the main argument of the volume to their own research. *Essays in Biography* Joseph Epstein, 2012-09-14

Who is the greatest living essayist writing in English? Unquestionably Joseph Epstein. Epstein is penetrating. He is witty. He has a magic touch with words that hard to define but immediately recognizable quality called style. Above all, he is impossible to put down. How easy it is today to forget the simple delight of reading for no intended purpose. Each of the 39 pieces in this book is a pure pleasure to read. Now with linking endnotes and index. Rohatyn, 2022-04-25 Post modernism believes in nothing, not even unbelief. Hence it is a genial version of nihilism and the flip side of despair. Like skepticism from which it descends, it is healthy insofar as it rejects all dogmas but unhealthy insofar as it substitutes its own while eating its own essence. This book diagnoses this disease and offers irony as its cure. What failure of nerve did to Hellenism, strength of character must do for the decline of the West. Humor, laughter and detachment are the gifts of historical art and of Socratic science. As we take refuge in the myth of truth, we must realize that there is no truth in myth.
