Holmes, 2013-05 With over 60 000 copies in print since its original publication in 1984 Ethics has served numerous generations of students as a classic introduction to philosophical ethics from a Christian perspective Over the years the philosophical landscape has changed somewhat and in this new edition Arthur Holmes adjusts the argument and information throughout completely rewriting the earlier chapter on virtue ethics and adding a new chapter on the moral agent The book addresses the questions What is good What is right How can we know In doing so it also surveys a variety of approaches to ethics including cultural relativism emotivism ethical egoism and utilitarianism all with an acknowledgment of the new postmodern environment *The Moral Quest* Stanley J. Feinberg, Paul D.

Feinberg, 2010-11-04 Aldous Huxley's 1932 book *Brave New World* foresees a world in which technological advances have obliterated morality and freedom John Feinberg and Paul Feinberg in the first edition of *Ethics for a Brave New World* noted how Huxley landed frighteningly close to the truth Their book responded to ethical crises such as abortion euthanasia capital punishment and genetic engineering by looking to Scripture for principles to guide us through the moral quagmires of our time Now dramatically updated and expanded this edition of *Ethics for a Brave New World* seeks to maintain the relevance rigorous scholarship and biblical faithfulness of the first edition While many of the topics covered in the book remain the same John Feinberg has revised each chapter to keep it current with contemporary trends and to respond to the most recent scholarship There is a new chapter on stem cell research and greatly expanded material on issues such as homosexuality and genetic engineering This important resource will be a valuable guide for students and those seeking answers to ethical dilemmas *Understanding Paul's Ethics* Brian S. Rosner, 1995 This introduction to the study of Paul's ethics collects

fourteen essays by notable scholars which with commentary to the editor illumine the origin context social dimension shape logic foundations and relevance of Paul's ethics *Mouse Morality* Annalee R. Ward, 2010-01-01 2004 Clifford G Christians Ethics Research Award The Carl Couch Center for Social and Internet Research Kids around the world love Disney animated films and many of their parents trust the Disney corporation to provide wholesome moral entertainment for their children Yet frequent protests and even boycotts of Disney products and practices reveal a widespread unease with the sometimes mixed and inconsistent moral values espoused in Disney films as the company attempts to appeal to the largest possible audience In this book Annalee R Ward uses a variety of analytical tools based in rhetorical criticism to examine the moral messages taught in five recent Disney animated films *The Lion King Pocahontas The Hunchback of Notre Dame Hercules and Mulan* Taking the films on their own terms she uncovers the many mixed messages they purvey for example females can be leaders but male leadership ought to be the norm stereotyping is wrong but black means evil historical truth is valued but only tell what one can sell etc Adding these messages together Ward raises important questions about the moral ambiguity of Disney's overall worldview and demonstrates the need for parents to be discerning in letting their children learn moral values and life lessons from Disney films
