Joel Spolsky began his legendary web log www.joelonsoftware.com in March 2000 in order to offer insights for improving the world of programming. Spolsky based these observations on years of personal experience. The result just a handful of years later Spolsky's technical knowledge, caustic wit and extraordinary writing skills have earned him status as a programming guru. His blog has become renowned throughout the programming world, now linked to more than 600 websites and translated into over 30 languages. Joel on Software covers every conceivable aspect of software programming from the best way to write code to the best way to design an office in which to write code. All programmers, all people who want to enhance their knowledge of programming and all who are trying to manage programmers will surely relate to Joel's musings. **200**
