Gulf of Aden where it departs on to the Mediterranean Sea. Hundreds of thousands of people visit and cherish every moment submerged in the Red Sea. What can you do in the Red Sea? Scuba diving, snorkelling, swimming, boating, yachting, water skiing, Kayaking, Surfing and Kite Surfing. This Red Sea is heaven for every visitor that has the privilege to experience. This eBook is based on experience in the Red Sea. Throughout the dives, I met and encountered the marine life I have succumbed to the underwater environment. What many take for granted, I've cherished every moment. The marine life that passes beneath the surface is absolutely magical if many only knew what lies beneath. 1000s of species roam these waters every day. Over hundreds of different corals, you'll be shocked at their alien shape that's beyond your imagination. The marine life that call it home and those that glide through the currents between destinations that stretch thousands of kilometres, I've included vivid colour photos and information on each species. On your next snorkelling, swimming or diving adventure, you'll be equipped with the knowledge to identify and refer with others. What you've encountered, enjoy your underwater activity with knowledge, fun and the Red Sea filled with marine life and corals that will keep you mesmerized. The purpose of this eBook, I've found that many lack knowledge about what lies beneath the ocean surface. Everyone should be acknowledged about the underwater environment. What type of marine life? What type of coral reefs? Experience scuba diving and photography. The future of the ecosystem and ocean preservation is in our hands. Spread the word. **My New iPad 2**
