fun stuff about your iPhone 4 you've found it. There are basically two types of iPhone books out there: 1. The tell me all about it kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. 2. Then there's this book, which instead is a show me how to do it book that skips all the confusing techno jargon and just tells you in plain simple English exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller The iPod Book, who takes that same highly acclaimed casual straight to the point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself: simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full color photo on each page so you can see exactly how it works. Scott and Terry added even more tips and tricks than the previous editions and made it even easier by focusing on just the most useful and most requested iPhone 4 features, so you can start really using your iPhone today.

[Enterprise iPhone and iPad Administrator's Guide](#) Charles Edge, 2011-01-27 Are you an IT professional involved in deploying the iPhone and/or iPad in your company or organization? Do you have fellow employees who are eager to use their iPhones and iPads for work? Then this is the book for you. Enterprise iPhone and iPad Administrator's Guide provides step-by-step instructions on how to deploy and integrate the iPhone within a range of professional environments, from large businesses and educational institutions to medium-sized offices. This book ensures that the process is achieved in a streamlined, efficient, and cost-effective manner. The guide begins with an introduction to basic deployment concerns, then moves into actual methods and tools that you can use to streamline the deployment process. Next, an in-depth discussion of configuration and provisional profiles helps you deliver solid device setup, security, and adherence to organization policies. Finally, you'll learn how to use existing help desk teams to provide effective user support. Also included is coverage of the latest iPhone and iPad-specific enterprise technologies such as push notification and calendaring tools, as well as internal iPhone and iPad applications and web-based solutions for businesses.
