**Organizational Theory and Aesthetic Philosophies** Antonio Strati, 2018-12-12 Diverse philosophies constitute the theoretical ground of the study of the aesthetic side of organization. In fact, there is not a single unique philosophy behind the organizational research of the aesthetic dimension of organizational life. Organizational Theory and Aesthetic Philosophies will illustrate and discuss this complex phenomenon and it will be dedicated to highlight the philosophical basis of the study of aesthetics, art, and design in organization. The book distinguishes three principal philosophical sensibilities amongst these philosophies: aesthetic, hermeneutic, and performative philosophical sensibility. Each of them is described and critically assessed through the work of philosophers, art theorists, sociologists, and social scientists who represent its main protagonists. In this way, the reader will be conducted through the variety of philosophies that constitute a reference for aesthetics and design in organization. **Small-business Guide to Winning at Web Marketing** Cyndie Shaffstall, 2010-05-05 If you're launching a new company or becoming a self-employed entrepreneur, then this book is for you. Small Business Guide to Winning at Web Marketing will help you to understand the electronic and traditional marketing landscapes and show how you can use them to benefit and grow your business. Today's marketing is a lot like playing pinball. It's not a straight shot; you have to bounce around a lot to really rack up the points, and since some pins are worth more than others, you need a certain amount of skill and luck to be able to ping them more than once. In this book, you'll learn the game basics, some strategy, and a few tricks, but mastering pinball web marketing will depend entirely on how long you can keep the ball in play. I've spent 30 years as an entrepreneur where you do it yourself because you don't have the budget for otherwise. There are thousands of search engine optimization services that you can enlist, but you should understand the options available. There is so much where you can contribute, and this will reduce the financial impact on your company that expensive contractors can have. This book starts with your web site and rolls right on through social media, social bookmarking, blogging, press releases, news announcements, printed material, QR codes, and much more. Don't flounder; you don't have time. Get this book and win at web marketing.

**Lacanian Perspectives on Blade Runner 2049** Calum Neill, 2020-12-18 This book provides a collection of Lacanian responses to Denis Villeneuve's *Blade Runner 2049* from leading theorists in the field. Like Ridley Scott's original *Blade Runner* film, its sequel is now poised to provoke philosophical and psychoanalytic arguments and to provide illustrations and inspiration for questions of being and the self, belief and knowledge, the human and the post-human, amongst others. This volume forms the vanguard of responses from a Lacanian perspective, satisfying the hunger to extend the theoretical considerations of the first film in the various new directions the second film invites. Here the contributors revisit the implications of the human replicant relationship but move beyond this to consider issues of ideology, politics, and spectatorship. This exciting collection will appeal to an educated film-going public in addition to students and scholars of Lacanian psychoanalysis, psychoanalytic theory, cultural studies, film theory, philosophy, and applied psychoanalysis.
