Schaffner, 2012-12-06 The Psychology of Politics is an introduction to political psychology. The field has a long past but as an organized discipline it has a short history. The long past is detailed in Jaap van Ginneken's historical first chapter of the book. The short history of political psychology as an organized discipline dates from 1978 when the International Society of Political Psychology ISPP was founded. Stone 1981 1988 The formal establishment of an interdisciplinary drawing upon various social sciences had numerous predecessors in the 20th century. Wallas's 1908 Human Nature in Politics Harold Lasswell's Psychopathology and Politics in 1930 a book with the present title by Eysenck 1954 and The Handbook of Political Psychology edited by the founder of the ISPP Jeanne Knutson. Her Handbook defined the field at the time of its publication in 1973 see especially Davies chapter. The present revision of Stone's 1974 work is more modest in its aspirations. It provides a selective introduction to the field emphasizing topics that the authors believe to be representative and important.
