Which finding should the nurse report to the healthcare provider for a client with a circumferential extremity burn?

- ☐ Full thickness burns rather than partial thickness.
- ☐ Supinates extremity but unable to fully pronate the extremity.
- ☒ Slow capillary refill in the digits with absent distal pulse points.
- ☐ Inability to distinguish sharp versus dull sensations in the extremity.

Rationale

A circumferential burn can form an eschar that results from burn exudate fluid that dries and acts as a tourniquet as fluid shifts occur in the interstitial tissue. As edema increases tissue pressure, blood flow to the distal extremity is compromised, which is manifested by slow capillary refill and absent distal pulses, so the healthcare provider should be notified about any compromised circulation that requires escharotomy.

The nurse is assessing a client with a chest tube that is attached to suction and a closed drainage system. Which finding is most important for the

The 14 Day HESI A2 Prep U. G. O. Prep HESI, 2019-06-25

It's no secret that the HESI A2 exam is difficult. In fact, most people take the exam not once, not twice, but several times before they get a good score. There are nightmare stories about the struggles people have endured while preparing for this exam. Some people have even put their lives on hold for years as they attempted this exam over and over again. The problem is not that these students are unprepared; the problem is that the HESI A2 exam is extremely difficult. The HESI A2 exam is a standardized test that covers a wide array of subjects including reading comprehension, vocabulary, grammar, biology, chemistry, math, anatomy, and physiology. In order to prepare for this exam, students would have to read and memorize over 5,000 pages of information. And here's the worst part: 95% of that information is not relevant in the nursing field. Unfortunately, we don't have the ability to change the HESI A2 exam to be more practical, but we do have the ability to help make your journey preparing for the exam easier. Keep reading below to find out how.

Here at UGO Prep, we specialize in studying exam behaviors to a science. We've spent years evaluating the methods of the HESI A2 exam in order to create our study program. The HESI A2 exam is a standardized test, which means that all test takers will answer the same questions or a selection of questions from a common bank of questions in the same way. Our goal when we first started this journey was to create a test bank that closely resembled that of the official HESI A2 exam. Using experts in the field and our in-house algorithm, we began searching for common characteristics amongst past and present HESI A2 exams. After countless months of research, we had accumulated a wealth of knowledge regarding each section of the HESI A2 exam. We then took our findings and began formulating strategies on how to unlock high scores for each section. Finally, we created the official UGO Prep HESI A2 Exam Prep, otherwise known as the most straightforward HESI A2 prep on the market. When we first released our Exam Prep to the public, we noticed a big improvement in the confidence level of people who used our material to prepare for their exam. We also noticed an increase in the scores of people who used our program when compared to people who used other programs. Most companies would stop there, BUT WE DIDN'T. We started on the long process of pouring over data to find out where our study program fell short and where we can improve. We refined our study program to target those weak areas that most people struggle with every year on the exam. Shortly after, we tested our program from beginning to end using people who wanted to achieve a high score on their HESI A2 exam. Men and women. Both young and old. Time and time again, people who

used our test prep prepared faster and scored higher Our 1 priority here at UGO Prep is to help you quickly and easily unlock a high score on your HESI A2 exam You shouldn't have to get serious or change your priorities in life just so you can do well on this exam Why study harder when you can study smarter
