The first chapter focuses on something specific: Survival in the jungle. As we all know the jungle is beautiful but also infested with bacteria, bugs, venomous and predatory animals and full of both toxic and edible plants. Second the book focuses on First Aid skills. If you ever get wounded, exhausted, dehydrated or you encounter something like a sprained ankle or major bruise, what do you do? You rely on your knowledge and fix it. Learn how in this book. Third an emphasis is placed on finding water in the desert. Many misconceptions about this have been circling around on the internet.
