His Little Delinquent Taboo Erotica English Edition:

Routledge Revivals: Young Germany (1962) Walter Laqueur, 2018-04-17 First published in 1962 this book examines Germany's Free Youth Movement a revolt of the younger generation in Germany from 1896 to 1933 This movement was one of the most significant factors in shaping modern Germany Laqueur who grew up in Germany retraces the history of the movement its central ideas and its cultural background He begins with its origins in 19th century and goes on to examine the Jewish question before moving on to the movement's roots in Germany around the time of the rise of National Socialism in the late 1920s and early 1930s This book inspires all the ideas which continue to preoccupy proponents and students of generational conflict today

Youth and Policy Howard Williamson, 2019-06-04 First published in 1997 this volume is concerned primarily though not exclusively with one particular vulnerable group unqualified young men on the margins These young men whose cultures of machismo manualism and anti mentalism previously served to prepare them for the manual labour market are increasingly the careerless the jobless and the folk devils of the modern post industrial society In research they have received considerable attention though more for their capacity to be spectacular deviant and bizarre than through the deep anxieties and despondency about the future experienced by many Howard Williamson contends that the development of effective youth policy depends essentially upon a synthesis of political priorities professional agendas and young people's perspectives and responses While not quite an underclass many suffer from a tangle of pathologies which obstructs the possibility of them finding a way back into mainstream economic housing and relationship transitions
