Workshop Manual for the 125 150 series C92 CS92 CB92 C95 and CA95 There are exhaustive tables of technical data
tolerances and fits and all of the expected data from a factory publication for the repair and overhaul of all major and minor
mechanical and electrical components making it an invaluable resource for collectors and restorers of these classic Honda
motorcycles There are 228 illustrations and each procedure is explained in a step by step method using an appropriate
illustration The translation from Japanese to English is at times a little quirky but the profuse illustrations make up for any
difficulty in understanding what needs to be done There are separate sections that deal with the repair and overhaul
procedures for the engine transmission wheels and brakes front forks frame and carburetor plus a detailed electrical service
section This is a must have reference for any Honda enthusiast and would certainly assist in helping any potential purchaser
better understand the inner workings prior to purchasing one of these classic motorcycles Out of print and unavailable for
many years this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction
