The Land of the Beasts is a brilliantly thought out and set up tale which any fans of dragons and creatures of legends will love Get The Land of the Beasts now and explore the legendary island yourself

Interview with author Q Tell us about the type of stories you write A I write YA epic fantasy or YA high fantasy novels and comics set in my Blade or Flame world The world I've created is filled with magical creatures a dragon rider magic weaponry and all sorts of things expected in a YA epic fantasy all in a single young adult medieval world The stories are often filled with dynamic action ranging from sword combat magic battles and epic duels between magical creatures often written in more depth than a typical YA fantasy dragon story

However I always try to ensure that each character has a good reason to be motivated with whatever they're fighting for Q

The Land of the Beasts contains a wide variety of magical creatures Where did you get ideas for such a setting At the core of the story or most YA high fantasy and YA epic fantasy stories involving magical creatures for that matter is the dragon I always liked the idea of dragons coming from a land devoid of mass human population only to be seen sparsely As for the other magical creatures such as griffins hydras and manticores I felt other creatures needed to dwell on this land and realised such a place would make a great setting for a fable reminiscent of the tales of old Q Your Blade or Flame world is has been credited for including in meaningful ways almost every creature of legend in existence in some way or form Why include so many magical creatures in a single YA high fantasy world Don't such fables and legends already come from a single world ours What if all legends and fables told in our history were true What if every dragon rider and all other magical

creatures did exist Wouldn't that make our world similar to the one I've created What better setting could there be for a youth fantasy or YA high fantasy Q Lastly how does The Land of the Beasts differ from your YA epic fantasy tales The Land of the Beasts is written to better resemble the type of fable you'd expect to hear in an old tavern or similar setting It lacks the heavy character development seen in Champion's Rising or the ideological theme present in The Dragons Will However it features far more exploration and better describes the magical creatures that exist in the youth fantasy world I've created and adds a whole depth of background behind the dragons glimpsed in the aforementioned works Perhaps more so than the others this reads like a fable of legend telling the journey of how a king became a legend

The Dragon in the West Daniel Ogden, 2021-09-09 An exploration of how the image and idea of the dragon has evolved through history How did the dragon get its wings Everyone in the modern West has a clear idea of what a dragon looks like and of the sorts of stories it inhabits not least devotees of the fantasies of J R R Tolkien J K Rowling and George R R Martin A cross between a snake and some fearsome mammal often sporting colossal wings they live in caves lie on treasure maraud and breathe fire They are extraordinarily powerful but even so ultimately defeated in their battles with humans What is the origin of this creature The Dragon in the West is the first serious and substantial account in any language of the evolution of the modern dragon from its ancient forebears Daniel Ogden's detailed exploration begins with the drakon of Greek myth and the draco of the dragon loving Romans and a look at the ancient world's female dragons It brings the story forwards through Christian writings medieval illustrated manuscripts and the lives of dragon duelling saints before concluding with a study of dragons found in the medieval Germanic world including those of the Anglo Saxon Beowulf and the Norse sagas

Dragon Dance Jordan Zlotolow, 2022-04-13 Dragon Blade It all started when a lowly computer programmer discovered he had been hypnotized with a false identity He was somebody Better than that he was a hero in another world that direly needed him back Jim Foley inadvertently dragged his company's best secretary Summer Quinn along with him for the trip back to his magical home of Calladrin as their romance was just budding Home Jim learned of his true name and heroic persona Jalen Bloom and that he was needed to destroy an evil plaguing the land called Black Death Once creating the magic talisman Dragon Blade Jim defeated Black Death his army destroyed the talisman in the process and brought Summer home making her Mrs Foley Dragon Flute After quitting his programming job Jim Foley started Dragonsoft the family owned laptop business that ran successfully for fifteen years All was right in the world until Gillius a dwarven ghost from Jim's old life came to call him back home again This time Ralius Jim's spitting image fifteen yearold son and Riel Ralius's best elf friend would come along as they hunted for the lost Dragon Flute After a harrowing journey across a prehistoric sea with an intrepid crew aboard the giant royal ship dubbed the Tempest the fabled object was finally obtained Delbin a powerful trickster demon who had threatened the subversion of Calladrin's kingdom under King Joel as well as all the multiverses was finally destroyed by the Dragon Flute wielded by a fifteen year old The land was restored to normal then and the Blooms came back to Los Angeles in

order to resume their normal lives with Ralius becoming the captain of the soccer team and discovering his love of writing Dragon Dance Things have largely settled in the magical land of Calladrin over the last fifteen years The various kingdoms factions and tribes have retreated to their strongholds to live their separate lives and the super continent is at peace King Jalen and Queen Summer Bloom have ruled their people fairly through this entire prosperous period Prince Ralius having returned to Los Angeles to study English has become a professor of literature at the lovely beach side Pepperdine University All seems right with life while Ralius going as Dr Foley now teaches his classes and lives his happy yet somewhat lonely life with Ramses his cat His days are full of sunshine and the never ending work of a university professor until one day during lecture the past comes back to haunt Dr F Being in the middle of a lecture about the Red Death Dr F is surprised by an old foe returning to settles cores Like any good teacher Dr F s priority is to his students TJ or Telemachus Jones the athlete Amy the pacifist Akim the clown and Bianca a foreign exchange student and former model Caught up in the struggle for supremacy over Calladrin Dr F has no choice but to take his university students with him back to Calladrin in order to keep them safe and to check on Mom and Dad What follows is the final adventure in a series of mystical discoveries and epic battles as we greet familiar friends and make new ones culminating in the third and final installment of the thrilling Dragon Talisman Trilogy ,
