Alford, 2015-03-17 With a single shot from a pistol small enough to conceal in his hand John Wilkes Booth catapulted into history on the night of April 14 1865 The assassination of President Abraham Lincoln stunned a nation that was just emerging from the chaos and calamity of the Civil War and the president's untimely death altered the trajectory of postwar history But to those who knew Booth the event was even more shocking for no one could have imagined that this fantastically gifted actor and well liked man could commit such an atrocity In *Fortune's Fool* Terry Alford provides the first comprehensive look at the life of an enigmatic figure whose life has been overshadowed by his final infamous act Tracing Booth's story from his uncertain childhood in Maryland characterized by a difficult relationship with his famous actor father to his successful acting career on stages across the country Alford offers a nuanced picture of Booth as a public figure performer and deeply troubled man Despite the fame and success that attended Booth's career he was billed at one point as the youngest star in the world he found himself consumed by the Confederate cause and the desire to help the South win its independence Alford reveals the tormented path that led Booth to conclude as the Confederacy collapsed in April 1865 that the only way to revive the South and punish the North for the war would be to murder Lincoln whatever the cost to himself or others The textured and compelling narrative gives new depth to the familiar events at Ford's Theatre and the aftermath that followed culminating in Booth's capture and death at the hands of Union soldiers 150 years ago Based on original research into government archives historical libraries and family records *Fortune's Fool* offers the definitive portrait of John Wilkes Booth *The Reports* Newfoundland. A unique and fascinating look at Victorian society through the remarkable lives of an enlightened and philanthropic aristocratic couple, the Marquess and Marchioness of Aberdeen, who tried to change the world for the better but paid a heavy price. This is a true tale of love and loss, fortune and misfortune. In the late 19th century, John and Ishbel Gordon, the Marquess and Marchioness of Aberdeen, were the couple who seemed to have it all: a fortune that ran into the tens of millions, a magnificent stately home in Scotland, surrounded by one of Europe's largest estates, a townhouse in London's most fashionable square, cattle ranches in Texas and British Columbia, and the governorships of Ireland and Canada, where they lived like royalty. Together, they won praise for their work as social reformers and pioneers of women's rights and enjoyed friendships with many of the most prominent figures of the age, from Britain's Prime Ministers to Oliver Wendell Holmes and P.T. Barnum, and Queen Victoria herself. Yet by the time they died in the 1930s, this gilded couple's luck had long since run out. They had faced family tragedies, scandal through their unwitting involvement in one of the crimes of the century, and most catastrophically of all, they had lost both their fortune and their lands. This fascinating family quest for the reason for their dramatic downfall is also a moving and colorful exploration of society in Victorian Britain and North America, and an inspirational feast for history lovers.
