

The image features a dramatic sunset or sunrise sky with warm orange and yellow tones. In the foreground, the silhouettes of three children are visible, standing on a dark, possibly stone, surface. To the left of the children is a large, simple wooden cross. The children are dressed in coats, suggesting a cool environment. The overall mood is somber and reflective.

I.-La Croisade des Enfants (1213) par M. A. Des Essarts. II.-La Croisade de Hongrie (1396) par M. l'Abbé Orse Alfred Stanislas LANGLOIS DES ESSARTS, 1862 La Croisade Des Enfants. [Tales.] Marcel Schwob, 1896 **The Pataphysician's Library** Ben Fisher, 2000-12-01 The Pataphysician's Library is a study of aspects of 1890s French literature with specific reference to the traditions of Symbolism and Decadence Its main focus is Alfred Jarry who has proved perhaps surprisingly to be one of the more durable fin de siècle authors The originality of this study lies in its use of the enigmatic list of books termed the livres pairs which appears in Jarry's 1898 novel Gestes et Opinions du docteur Faustroll pataphysicien his best known prose work The greatest interest of the livres pairs lies in a group of works by Jarry's friends and contemporaries primarily Leon Bloy Georges Darien Gustave Kahn Catulle Mendès Josephin Madan Rachilde and Henri de Regnier Several of these authors feature as the lords of islands visited by the pataphysician Dr Faustroll in his curious voyage around Paris In conjunction with Jarry's own works the contemporary livres pairs serve to illustrate the vibrant and experimental atmosphere in which these authors worked **La croisade des enfants** Robert Caby, **Crusaders and Crusading in the Twelfth Century** Giles Constable, 2016-12-05 Crusading in the twelfth century was less a series of discrete events than a manifestation of an endemic phenomenon that touched almost every aspect of life at that time The defense of Christendom and the recovery of the Holy Land were widely shared objectives Thousands of men and not a few women participated in the crusades including not only those who took the cross but many others who shared the costs and losses as well as the triumphs of the crusaders This volume contains not a narrative account of the crusades in the twelfth century but a group of studies illustrating many aspects of crusading that are often passed over in narrative histories including the courses and historiography of the crusades their background ideology and finances and how they were seen in Europe Included are revised and updated versions of Giles Constable's classic essays on medieval crusading along with two major new studies on the cross of the crusaders and the Fourth Crusade and two excursions on the terminology of crusading and the numbering of the crusades They provide an opportunity to meet some individual crusaders such as Odo Arpinus whose remarkable career carried him from France to the east and back again and whose legendary exploits in the Holy Land were recorded in the Old French crusade cycle Other studies take the reader to

the boundaries of Christendom in Spain and Portugal and in eastern Germany where the campaigns against the Wends formed part of the wider crusading movement Together they show the range and depth of crusading at that time and its influence on the broader history of the period *Les extraordinaires croisades d'enfants et de pastoureaux au Moyen Age* Jean Delalande,1962

Holy War Karen Armstrong,2001-11-27 The New York Times bestselling author of A History of God skillfully narrates the history of the Crusades with a view toward their profound and continuing influence Holy War brings compassion objectivity breadth and imagination to the most urgent crisis of our time The Boston Phoenix In 1095 Pope Urban II summoned Christian warriors to take up the cross and reconquer the Holy Land Thus began the holy wars that would focus the power of Europe against a common enemy and become the stuff of romantic legend In reality the Crusades were a series of rabidly savage conflicts in the name of piety And as Armstrong demonstrates in this fascinating book their legacy of religious violence continues today in the Middle East where the age old conflict of Christians Jews and Muslims persists ,
