- **Operating Instructions**
- **Maintenance Instructions**

This Operation and Maintenance manual should be given to the operator and any other person, who might work on the machine. It is very important that you should read the manual carefully before operating or working on the excavator and at regular intervals thereafter, for example:

- **Operation**, including installing and removing the attachment, working during operation, removing production residue, care of operating and auxiliary fluids,
- **Maintenance work** (maintenance, inspection, repair),

The manual will make it easier for the operator to get around the hydraulic excavator and to prevent any problems due to improper operation.

All maintenance personnel should follow the operating and maintenance instructions and your LIEBHERR excavator will give you constant service with excellent performance, reducing repair costs and downtime.

In addition to the operating and maintenance guidelines in this manual, additional local and national accident prevention guidelines and regulations might be applicable and must be observed.

The Operation and Maintenance Manual is part of the machine and is left in the glove compartment of the operator's cab.

Please take notice that we cannot honor any claims which could result from careless handling, improper operation, inadequate maintenance, unauthorized oils or lubricants, non-observance of the safety instructions.

LIEBHERR reserves the right to cancel any warranty claims, etc., without prior notice if any other than Original LIEBHERR parts or LIEBHERR approved parts are being used for maintenance and repairs.

This Operation and Maintenance manual contains all necessary information to operate and maintain your Litronic track type excavator. However, if you need additional information or explanations, please contact your Technical Documentation, Service School or Customer Service Dept.
