**Parks & Recreation ,1965 What If I'm Wrong?** Heather Thompson Day,2025-04-08 Are you tired of living life scared or following the status quo Heather Thompson Day challenges readers to remember what it felt like to believe in themselves before the world told them who they should be and what they should do What If I m Wrong explores the chasm between our dreams we once had and the reality in which we are now living

Writing from personal experience Heather Thompson Day dives deep into what makes us feel overwhelmed or defeated by the hopes we once had the disappointments we should have overcome the goals we expected to accomplish and the person we wanted to be Somehow and somewhere along the way we stopped following our heart and started listening to the lies in our head It s time you gave up on that childish dream What makes you think you could accomplish that Others see who you really are so stop trying to be someone else So we decided to play it safe and just accept our lot in life And instead of feeling alive every day we walk through our days numb and uninspired But this book will help readers see how Pursuing a painless passion means you have an insignificant dream Living a normal life is scarier than taking risks and embracing the unknown Being vulnerable and admitting mistakes can lead to success quicker Embracing failure might be the best thing that ever happens to you Staying motivated and confident when things go wrong gets easier with practice The person God made you to be is waiting to live life to the fullest Have you ever considered that the hardest things in life might be our greatest areas of passion through which we find fulfillment in everything we do from work to play to relationships to our faith Fears and failures come upon us like relentless waves pulling us to deeper water Panicked we believe we are going to drown But what if we re wrong Maybe God is teaching us how to swim stronger to pursue greater adventures to learn how to really live **The**
