Your Curriculum Companion: Libby Woodfin, Suzanne Nathan Plaut, Sarah Boddy Norris, 2021-02-01 This essential guide to the

EL Education 6-8 Language Arts Curriculum is one part roadmap to the curriculum, one part orientation to its instructional practices, and one part coach to answer your questions, relieve your stress, and put you and your students on the path to success. Your Curriculum Companion explores the foundations of the curriculum, including the principles and research it was built on, and the instructional practices that make it unique. The book is designed to help you look under the hood at practices embedded throughout the curriculum so that you can sharpen your instruction, support students to be leaders of their own learning, and make well-informed changes to best meet your students' needs. Key features of Your Curriculum Companion include: Twenty-two accompanying videos see the curriculum in action; Task cards for guidance on how to plan when the planning has been done for you; A deep dive into the purpose and structure of close reading, including a sample annotated lesson; An exploration of the relationship between reading and writing and how the curriculum is designed to help students become strong communicators, including an annotated read-think-talk-write lesson; The why, what, and how of supporting students to meet grade-level expectations; Supporting students who need additional challenges; and Supporting English language learners. Guidance for turning evidence of student progress into usable data that can inform your instruction. Support for school leaders. *STEAM Meets Story* Gloria D. Campbell-Whatley, Diane Rodriguez, Jugnu Agrawal, 2021. This innovative STEAM guide will help general and special education teachers to increase effective instruction with adolescents, grades 5-10. The authors show teachers how to link STEM concepts with popular fiction and film selections as a catalyst to launch student interactions, discussions, projects, and investigations. This approach will promote problem-solving and reasoning skills by initiating the scientific process rather than simply presenting established facts. The book includes a wealth of lesson plans that connect abstract STEM ideas to realistic experiences that students encounter. Sample lessons call on students to produce drawings and models that move STEM to STEAM. Grounded in popular film and the 31 books most read by adolescent students, the text includes teaching strategies found to be effective with traditionally underserved students and those with disabilities. Book Features: Standards-based STEM lessons are interrelated and interwoven with writing, reading, speaking, and other skills; Practical ideas and hands-on activities for engaging adolescents in both traditional and virtual environments; Guidance for working with diverse populations, such as students with different abilities, culturally and linguistically diverse students, translingual students, and transnational students; Includes full lessons, templates, and handouts.

Handbook of Research on Reconceptualizing Preservice Teacher Preparation in Literacy Education Araujo, Juan J., Araujo, Dawn L., 2021-12-17. As it stands, there is currently a void in education literature in how to best prepare preservice teachers to meet the needs of individualized learners across multiple learning platforms, social, economical contexts, language variety, and special education needs. The subject is in dire need of support for the ongoing improvement of administrative, clinical, diagnostic, and instructional practices related to the learning process. The *Handbook of Research on Reconceptualizing Preservice Teacher Preparation in Literacy Education* stimulates the professional development of
