iCEER2014-McMaster Digest Mohamed Bakr,Ahmed Elsharabasy,2014-11-18 International Conference on Engineering Education and Research **Making College Work** Harry J. Holzer,Sandy Baum,2017-08-15 Practical solutions for improving higher education opportunities for disadvantaged students Too many disadvantaged college students in America do not complete their coursework or receive any college credential while others earn degrees or certificates with little labor market value Large numbers of these students also struggle to pay for college and some incur debts that they have difficulty repaying The authors provide a new review of the causes of these problems and offer promising policy solutions The circumstances affecting disadvantaged students stem both from issues on the individual side such as weak academic preparation and financial pressures and from institutional failures Low income students disproportionately attend schools that are underfunded and have weak performance incentives contributing to unsatisfactory outcomes for many students Some solutions including better financial aid or academic supports target individual students Other solutions such as stronger linkages between coursework and the labor market and more structured paths through the curriculum are aimed at institutional reforms All students and particularly those from disadvantaged backgrounds also need better and varied pathways both to college and directly to the job market beginning in high school We can improve college outcomes but must also acknowledge that we must make hard choices and face difficult tradeoffs in the process While no single policy is guaranteed to greatly improve college and career outcomes implementing a number of evidence based policies and programs together has the potential to improve these outcomes substantially *Learning Gain in Higher Education* Christina Hughes,Malcolm Tight,2021-01-29 Responding to the larger amount of students that are bearing an increasing proportion of the costs of their participation in higher education this volume pays attention to the issue of what higher education does for its students What do students gain from engaging in higher education and how might this be accurately measured
