Toczec,2001-04-30 Toczec provides the first description of the entire battle of Ap Bac and places it in the larger context of

the Vietnam War The study thoroughly examines the January 1963 battle complete with detailed supporting maps Ironically Ap Bac s great importance lies in American policymakers perception of the battle as unimportant for all their intelligence and drive senior American government officials missed the early warning signs of a flawed policy in Southeast Asia by ignoring the lessons of the defeat of the South Vietnamese Army ARVN on 2 January 1963 The outcome of Ap Bac was a direct reflection of how the U S Army organized equipped and trained the ARVN With all the ARVN officer corps s shortcomings the South Vietnamese Army could not successfully conduct an American combined arms operations against a smaller less well equipped enemy American leadership both military and civilian failed to draw any connection between ARVN s dismal performance and American policies toward South Vietnam Although certain tactical changes resulted from the battle the larger issue of American policy remained unchanged including the structure of the advisory system **National Safety**

W. Brands,1989 Following WW II the response by Britain France and Holland to rejuvenated colonial nationalist movements was patently inadequate Their ineffective counter was further exacerbated by Soviet expansion and the corresponding need to redeploy resources to protect the mother countries At the same time newly independent former colonies had no wish to become captives to the developing Cold War Indeed it may be argued that the Truman Doctrine was designed to serve notice on the USSR that the Third World was not up for grabs Thus the postwar decades found the US and the USSR in often violent conflict over the allegiance of less developed nations around the globe Results of this American intervention in the Third World are traditionally viewed by diplomatic historians as ranging from minor damage to disaster In contrast Brands insists this conventional wisdom is far from the mark He agrees that US officials often spoke possibly even thought in ideological terms but those same policy makers tended to act in a nonideological and remarkably successful fashion Using American policy towards Yugoslavia Egypt and India as case studies Brands presents a very convincing thesis in this remarkably engaging if controversial extended essay Choice Reviews

The Wrong War Rosemary Foot,2019-06-30 In 1951 General Omar Bradley declared publicly that war with China would involve the United States in the wrong war at the wrong place at the wrong time and with the wrong enemy Despite the stated intent of the U S to keep the Korean conflict from spreading the debate on extending the war was far more intense and protracted than previous accounts of this period have suggested Concentrating on the debate over expansion Rosemary Foot

reveals the strains it caused both within the U S bureaucracy and between America and its North Atlantic allies She supplies important new information on the U S government s appraisal of Sino Soviet relations between 1950 and 1953 and makes clear that a high proportion of U S officials came to recognize the limited nature of Soviet support for China Explaining why the Eisenhower administration nearly unleashed nuclear weapons on China in the spring of 1953 Foot demonstrates that the Korean war would very likely have grown into a conflict of major proportions if the Chinese and North Koreans had not conceded the final issue of the truce talks the question of the voluntary repatriation of prisoners of war
