with an unpredictably dual nature usually very good but sometimes shockingly evil Stevenson had long been intrigued by the idea of how human personalities can affect how to incorporate the interplay of good and evil into a story While still a teenager he developed a script for a play about Deacon Brodie which he later reworked with the help of W E Henley and which was produced for the first time in 1882 In early 1884 he wrote the short story Markheim which he revised in 1884 for publication in a Christmas annual According to his essay A Chapter on Dreams Scribner s Jan 1888 he racked his brains for an idea for a story and had a dream and upon waking had the intuition for two or three scenes that would appear in the story Strange Case of Dr Jekyll and Mr Hyde Biographer Graham Balfour quoted Stevenson s wife Fanny Stevenson In the small hours of one morning I was awakened by cries of horror from Louis Thinking he had a nightmare I awakened him He said angrily Why did you wake me I was dreaming a fine bogey tale I had awakened him at the first transformation scene Lloyd Osbourne Stevenson s stepson wrote I don t believe that there was ever such a literary feat before as the writing of Dr Jekyll I remember the first reading as though it were yesterday Louis came downstairs in a fever read nearly half the book aloud and then while we were still gasping he was away again and busy writing I doubt if the first draft took so long as three days Inspiration may also have come from the writer s friendship with Edinburgh based French teacher Eugene Chantrelle who was convicted and executed for the murder of his wife in May 1878 Chantrelle who had appeared to lead a normal life in the city poisoned his wife with opium
