Many were agricultural labourers born before the turn of the century who had worked on farms before the arrival of mechanisation. It was assumed at that time that horses would soon disappear from the farms and that this was the last chance of recording the part they had played for centuries. It later became clear that this forecast was too pessimistic and in *Horse Power and Magic* Faber 1979 Ewart Evans describes in fascinating detail some important farms where horses continued to be beneficially used more than thirty years later. He discovered that the traditions of the older horsemen had not died out but had been passed on in only slightly attenuated form to a younger generation keen to farm with horses proving that the day of the heavy horse was by no means over. He also describes vividly the ways of horse tamers whose skills had a touch of magic about them. Taking his works as a whole there is no doubt that George Ewart Evans will survive as a fascinating pioneer of the extra academic recording of human history; he has found a dimension all his own. This is indeed the very stuff of history.

Sunday Times      **The Country Gentleman**, 1912      **New Breeder's Gazette**, 1891      **AFI Catalog of Motion Pictures Produced in the United States** American Film Institute, 1971      *The Peasenhall Murder* Neil Norman, 2024-07-30

In May 1902 a great storm hit the small village of Peasenhall, Suffolk. The following morning the body of Rose Harsent was found in the house where she worked while originally believed by the doctor to have been suicide, her brutal injuries alongside evidence of an attempted fire told a different story. When looking for a murderer there were very few suspects but as more details unfolded the evidence started to point towards one William Gardiner. William was a respected figure in the community with a loving family, a job as a foreman carpenter at the local Seed Drill Works and several positions within the local church. However the previous year William had been involved in a scandal that suggested an affair between him and Rose, one that had brought an inquest into the matter and could not be forgotten in such a small village. This made him a person of interest for the police and when a medicine bottle filled with paraffin was found near her body with the Gardiner family name on it alongside letters from him amongst Rose's things it comes as no surprise he was arrested for her murder. Rose was also pregnant at the time of her death; was this the motive? *The Peasenhall Murder* explores the crime in great detail from the original scandal through to the aftermath of the trial. It is the perfect read for lovers of true crime and a murder mystery and those with an interest in Edwardian England.
