**Instruction in Secondary Education** Jack Pun, 2024-04-19 Jack Pun presents best practices in pedagogy and teaching to facilitate effective content subject learning at the secondary school level. Increasingly parents are sending their children to English Medium Instruction EMI secondary schools in their home countries to prepare them for full immersion in EMI in English native speaking countries. The book explores the teaching and learning processes in EMI senior secondary science classrooms based in thirty secondary schools in Hong Kong. Conducting analyses of classroom teacher and student perception data, the author discusses the issues of teaching science through the medium of English in secondary schools, the implications and applications for professional development of science teachers and other content subject teachers, and suggests strategies for teaching science in different EMI contexts. This volume is highly relevant to scholars in the field of educational linguistics, particularly in English language teaching, content based instruction, content and language integrated learning, and English as a medium of instruction. It is also useful to education policymakers, school teachers, research students, English and education majors.

*Plant Biology* Alison M. Smith, George Coupland, Liam Dolan, Nicholas Harberd, Jonathan Jones, Cathie Martin, Robert Sablowski, Abigail Amey, 2009-04-30 *Plant Biology* is a new textbook written for upper level undergraduate and graduate students. It is an account of modern plant science reflecting recent advances in genetics and genomics and the excitement they have created.
