Chilcote,2020-02-18 While physical training has some value training in holy living is useful for everything It has promise for this life now and the life to come 1 Timothy 4 8 Christians crave a deeper more intimate relationship with God Spiritual disciplines are activities and practices that guide you in your daily walk through life bringing you closer to Christ They also help you to make a difference in our world Practicing these spiritual disciplines opens you to

God's transforming love and help you experience Holy Living Confession may be good for the soul as the saying goes but most people give little thought to its practice at least on a daily basis Like prayer a person's needs tend to trigger a confessional response As a result we often have a limited understanding of the true nature of the practice Confession is so much more than a call to apologize though that is an integral part Confession is fundamentally relational providing the opportunity to experience a much fuller relationship with God This book provides opportunities both to examine and to practice the many forms that confession takes It begins by looking at our confession of faith not sins and what we affirm about the nature and purposes of God From there it moves to exploration and practices of individual confession mutual confession and worship which provides one of the most significant contexts for the people of God to confess their sin before God and one another This is one of series of eight books Each book in this series introduces a spiritual practice suggests way of living the practice daily and provides opportunities to grow personally and in a faith community with others who engage with the practice Each book consists of an introduction and four chapters and includes questions for personal reflection and group discussion Other disciplines studied Celebration Discernment Neighboring Simplicity Study and Worship

church and community *SCM Studyguide: Philosophy and the Christian Faith* Ben Pugh ,2018-12-04 The challenges that Western culture keeps posing to the Christian faith are ever new The goal posts keep changing This study guide will equip theology students to understand the culture shaping beliefs that are driving the kinds of questions it brings to faith It will be an historical overview of the key stages in the history of Western philosophy with each section carefully tracing the genealogical line of ideas and the Christian responses to them right up to the present day For most theology students learning abstract philosophical concepts involves literally learning a new language a language that the initiated converse in with ease but which leaves the uninitiated baffled Thus each chapter in this study guide opens with a glossary of terms Throughout the studyguide students are encouraged to reflect on the ways in which what has been learned might be applied in both explicitly theological and wider cultural contexts for example they might be asked to think of a film or book that seems to express elements of existentialism or postmodernism or to describe how something very like the extreme subjectivity of idealism can sometimes shows itself in Sunday morning worship *Roadmap to Renewal* Douglas Ruffle,2017-06-28 Take a journey together with others from your local church a road trip that will help you rediscover your true mission This newly revised and updated edition of Roadmap to Renewal will serve as a vital resource enabling you to reconnect to your mission area Use the step by step process in a small group to come up with a Ministry Action Plan for your community of faith Know your community Know your mission Know your strengths and challenges Know where you are going Reach people with the good news of Jesus Christ
