Mated to Two Bears Kelex, 2016-07-13 Game Warden Wade Travers is unwittingly pulled into the ongoing war between the werewolves and bear shifters when he is called in by local rangers to investigate the slaughter of animals. Chased behind the wall protecting Bear Mountain, he suddenly finds himself unable to leave and unable to stop thinking about the bear who saved him from the wolves. Exiled Penn McCreary doesn't live by rules. He remains close to watch over his brothers and keep the younger boys safe from the threat just outside the farm. That puts him in the right place at the right time. Playing the hero isn't Penn's normal MO, but he can't ignore his mate in danger. Penn doesn't take the answer no very well. Wade will be his by whatever means necessary.

His Reluctant Omega: An Omegaverse Book Kelex, 2022-08-27 Omega Avery Stephens refuses to be the compliant, submissive mate he was raised to be. He is tired of being told he is less than and will have to wait for an alpha to come and save him from the virtual prison that is the Omega Quadrant. After his father's die in a tragic accident, he must stand up and be responsible for his younger omega brothers. Knowing their savings will only last so long, he looks to the future. Avery will need an income and not the pittance an omega can make. He shears his long locks, purchases illegal scent blockers, and misrepresents himself into college under the pseudonym Abraham Norcross, a beta. Once there, Avery does everything in his power to prove his kind can be more than a womb with legs, but when he comes across his alpha, he struggles not to be the stereotypical weak and needy omega. Instinct causes him to think too much about dropping to his knees and begging the man to fill him with a child. Can he find a path somewhere between heaven and hell and still hold on to his self-respect?

_____ This is a chunky 140,000 word gay non-shifter omegaverse book filled with a lot of love, some pain, a few tears, but not as many as the first book. I hope and plenty of spicy times between a loving alpha and his omega.

One Wild Omega: An MPREG Omegaverse Book Kelex, 2019-11-13 From the first moment they met, Tanner McCreary and Fitz Walker have always had a love-hate relationship. One that bordered more on the latter much to the chagrin of Tanner, who knew from first glance that Fitz was his alpha. For some reason, Fitz acted like he wanted absolutely nothing to do with him. Even with the scent masking drug Scentex keeping them free, an omega's alphas always seemed to sense something in the air when close. But that wasn't the case with Fitz. So Tanner backed off, licked his wounds, and figured fate would lead them back together someday. Maybe then things would be different. Someday came, but only made the situation worse. Tanner learned they shared a close friend in common, another omega, one Fitz eventually bedded. Brokenhearted, Tanner was sure the gods' fate or whoever was in charge of binding an alpha and an omega together had gotten it very, very wrong. His mate wasn't the one. Apparently, Tanner lied to himself, saying he didn't care and kept his secret close. When the truth finally emerges, Fitz knows he has mountains to climb to make things right, and even that might not be enough.
