May 14 B2 Additional Science:

The End of the Innocence Lawrence R. Samuel, 2007-10-01 From April 1964 to October 1965 some 52 million people from around the world flocked to the New York World's Fair an experience that lives on in the memory of many individuals and in America's collective consciousness Taking a perceptive look back at the last of the great world's fairs Samuel offers a vivid portrait of this seminal event and of the cultural climate that surrounded it He also counters critics assessments of the fair as the ugly duckling of global expositions Opening five months after President Kennedy's assassination the fair allowed millions to celebrate international fellowship while the conflict in Vietnam came to a boil This event was perhaps the last time so many from so far could gather to praise harmony while ignoring cruel realities on such a gargantuan scale This world's fair glorified the postwar American dream of limitless optimism even as a counterculture of sex drugs and rock n roll came into being It could rightly be called the last gasp of that dream *The End of the Innocence* Samuel's work charts the fair from inception in 1959 to demolition in 1966 and provides a broad overview of the social and cultural dynamics that led to the birth of the event It also traces thematic aspects of the fair with its focus on science technology and the world of the future Accessible entertaining and informative the book is richly illustrated with contemporary photographs

Report Iowa. Dept. of Public Instruction, 1885

Begging in America, 1850-1940 Kerry Segrave, 2011-10-14 The poverty that drives people to begging has been a pressing social issue in the

United States since the beginning This historical work explores begging¹ and beggars in the period 1850 to 1940 with emphasis on how the police the courts the media and private charity organizations dealt with them Efforts to suppress mendicancy are explored including legislation police crackdowns and public vouchers for meals and shelter Of particular interest is the way in which media portrayals have guided public perception of mendicants Despite the massive social upheavals the last two centuries have brought all efforts to suppress begging have failed Many of the complaints and arguments made against beggars and begging in 1850 and 1900 and 1940 were also made into the 21st century because in the end the public continued to give alms Area Handbook for the Persian Gulf States ,1977 **Who Owns the Media?** Benjamin M. Compaine,Douglas Gomery,2000-07-13 This long awaited third edition analyzes corporate ownership of major media including television film on line and print and includes primary influences government s roles and key criteria for evaluating the current state of media ownership The Executive and the Elephant Richard L. Daft,2010-08-02 Lessons for leaders on resolving the ongoing struggle between instinct and the creative mind Kings heads of government and corporate executives lead thousands of people and manage endless resources but may not have mastery over themselves Often leaders know that right action is important but have little if any understanding of what prevents them from acting in accordance with their intentions In this important book leadership expert Richard Daft portrays this dilemma as a struggle between instinct elephant and intention the executive using the most current research on the intentional vs the habitual mind to explain how this phenomenon occurs Based on current research and real life examples Offers leaders a method for directing themselves more productively Written by an expert in leadership organizational performance and change management Through real life examples and recent studies in psychology management and Eastern spirituality Daft provides guidance to all of us who struggle finding our own balance and cultivating the behavior of others
