The CEO Pay Machine Steven Clifford,2017-05-09 The former top CEO examines the scandalous and corrupt reasons behind obscene pay packages for corporate executives and explains how this hurts all of us and how we can stop it Today the pay gap between chief executive officers of major U S firms and their workers is higher than ever before depending on the method of calculation CEOs get paid between 300 and 700 times more than the average worker Such outsized pay is a relatively recent phenomenon but despite all the outrage few detractors truly understand the numerous factors that have contributed to the dizzying upward spiral in CEO compensation Steven Clifford a former CEO who has also served on many corporate boards has a name for these procedures and practices The CEO Pay Machine The CEO Pay Machine is Clifford s thorough and shocking explanation of the machine how it works how its parts interact and how every step pushes CEO pay to higher levels As Clifford sees it the payment structure for CEOs begins with shared delusions that reinforce one other Once this groupthink is accepted as corporate dogma it becomes infinitely harder to see any decision as potentially irrational or dysfunctional Yet as Clifford notes the Pay Machine has caused

immeasurable harm to companies shareholders economic growth and democracy itself He uses real life examples of the top four CEOs named the highest paid in 2011 through 2014 Clifford examines how board directors and compensation committees have directly contributed to the rising salaries and bonuses of the country s richest executives what s more Clifford argues each of those companies could have paid their CEOs 90 percent less and performed just as well Witty and infuriating The CEO Pay Machine is a thorough and incisive critique of an economic issue that affects all American workers
