

FIRST NINE WEEKS

SOL: 4.1

The student will

a) Identify orally and in writing the place value for each digit in a whole number expressed through millions;

Big Idea:

All students should

- Understand the relationships in the place-value system in which the value of each place is ten times the value of the place to its right.
- Use the patterns in the place-value system to read and write numbers.

Essential Knowledge	Higher Level Questioning/Bloom's	Resources
Identify and communicate, both orally and in written form, the place value for each digit in whole numbers expressed through the one millions place.	Remember Which digit is in the _____ place? What is the value of the digit in the _____ place? How will the value of a digit change if you move it to another place?	VDCE Number Sense Module
• Read whole numbers through the one millions place that are presented in standard format, and select the matching number in written format.	Remember How do you know when there is a zero in the middle of a number? (ex. seven hundred five)	-Partner Find-Give each student a card with a number in standard form or word form. Find the classmate with the same number.
• Write whole numbers through the one millions place in standard format when the numbers are presented orally or in written format.	Remember
