

## CR 4 Encounter-

### Guardian of the Fountain

[quote]"Four sets of stairs lead down into this 20' x 20' x 15' room, with the floor five feet lower than the previous area. The construction is of a different stone than any other area seen so far, and the most noticeable feature is the fountain in its centre. The fountain is unusually geometric and is fashioned from what appears to be a metallic or crystalline material that interacts with the light in a strange fashion, scattering, diffusing, and sending muted rainbows about the chamber. The air is cool and humid, with a faint strange but not unpleasant scent. The dark material is dappled with droplets of what appears to be pure water, and is slick to the touch."[/quote]

As soon as a party member touches the floor of this room, the Guardian appears some distance away, out of a doorway of mist the same colour as the fountain. This doorway disappears as soon as the Guardian is present, and leaves only lingering mist which dissipates within a Round.

[quote]"The gaunt figure is robed in wet velvety fabric that clings to its skeletal form; a cowl covers its head, obscuring its features, save piercing lucid lights like sunlight seen from depths of water. It carries a wicked looking scythe in its hands of white bone."[/quote]

It is silent, unmoving unless molested, and seemingly unaware of the party.

### The Guardian of the Fountain-

#### Intelligent Medium Undead Humanoid

HD nd10 with n = party average level

HP +n\*3

Move: 40'

Saves: +3 in all 6 abilities

Attacks: One more than attacker

Damage: 2d8+3 Piercing/Slashing scythe

Special: Dimension Door a number of times equal to party members + 1, only within chamber

Encounter XP: (21 - Average Party Level) \* 10 XP

-- Defeat Bonus: +(Encounter XP)

The Guardian is silent and will only strike in response to attacks, ranged or melee. If affected by Turning, it will use its Dimension Door ability to appear behind the offender and attempt to strike them down with Advantage and +1d6 Surprise damage.

If the party drinks from the fountain or its pool, the individual must make a DC 16 Con Save or immediately drop to a stable 0 HP (no Death Save necessary), apparently dead. Success grants a 4th or higher level character a +1 to their selected Training Ability Score, eliminating its mark on their sheet. Those who were dropped into false death state are only revived if the Guardian is slain, or a magic means are use to raise their HP back to full.

If the party abandons the false-dead members and flees, they are not found if the room is re-entered. The GM is urged to have the character(s) found elsewhere in the complex or some other location of adventure in the near future. The PCs in question gain (21 - Level) \* 5 XP for their experience, having been in a dreamlike visionary state unable to think or otherwise contact allies or patrons/gods. The characters are also marked on their sternum with an icon of a Scythe exactly like the one held by the Guardian.
