Housebroken Confessions Of A Stayathome Dad:

Housebroken David Eddie, 2010-11-05 *Housebroken* charts the evolution of one man from unregenerate cad to stay at home dad. And along the way David Eddie provides lots of useful tips for other men who have ended up treading the domestic path: basic but puzzling things like how to cook, how to stay faithful to your wife, and how to bend your gender without losing your machismo. Above all, *Housebroken* is a story of the great adventures it is possible to have within a three block radius of your house from one of the frankest, freshest, and wittiest voices to come along in years. **The Graphic Lives of Fathers**

Mihaela Precup, 2020-02-21 This book explores the representation of fatherhood in contemporary North American autobiographical comics that depict paternal conduct from the post war period up to the present. It offers equal space to autobiographical comics penned by daughters who represent their fathers' complicated and often disappointing behavior and to works by male cartoonists who depict and usually celebrate their own experiences as fathers. This book asks questions about how the desire to forgive or be forgiven can compromise the author's ethics or dictate style, considers the ownership of life stories whose subjects cannot or do not agree to be represented, and investigates the pervasive and complicated effects of dominant masculinities. By close reading these cartoonists' complex strategies of self representation, this volume also places photography and archival work alongside the problematic legacy of self deprecation carried on from underground comics and shows how the vocabulary of graphic narration can work with other media and at the intersection of various genres and modes to produce a valuable scrutiny of contemporary norms of fatherhood. **Pops in Pop Culture** Elizabeth

Podnieks, 2016-04-29 The definitions of fatherhood have shifted in the twenty first century as paternal subjectivities, conflicts, and desires have registered in new ways in the contemporary family. This collection investigates these sites of change through various lenses: from popular culture, film, television, blogs, best selling fiction, and non fiction, stand up comedy, routines, advertisements, newspaper articles, parenting guide books, and video games. Treating constructions of the father at the nexus of patriarchy, gender, and post feminist philosophy, contributors analyze how fatherhood is defined in relation to masculinity and femininity and the shifting structures of the heteronormative nuclear family. Perceptions of the father as the traditional breadwinner and authoritarian, as compared to a more engaged and involved nurturer, are considered via representations of fathers from the US, Canada, Britain, Australia, South Africa, and Sweden. Do Men Mother? Andrea Doucet, 2006-11-04 More and more fathers are deciding to stay at home and care for their children rather than work full time outside of the home. More and more Canadian families are led by single fathers. Shining a spotlight on the lives of stay at home dads and single fathers, *Do Men Mother?* provides groundbreaking evidence of dramatic changes in mothering and fathering in Canada. Using evidence gathered in a four year in depth qualitative study including interviews with over 100 fathers from truck drivers to insurance salesmen, physicians to artists, Andrea Doucet illustrates how men are breaking the mold of traditional parenting models. Doucet's research examines key questions such as: What leads fathers to trade earning for caring? How do fathers

navigate through the maternal worlds of mothers and infants Are men mothering or are they redefining fatherhood Do Men Mother illuminates fathers candid reflections on caring and the intricate social worlds that men and women inhabit as they love and let go of their children In asking and unravelling the question do men mother this study tells a compelling story about Canadian parents radically re visioning child care and domestic responsibilities at the beginning of the twenty first century
