Copyright Office, 1958 Includes Part 1 Number 1-2 Books and Pamphlets Including Serials and Contributions to Periodicals January-December **The Railway Guide of New South Wales**, 1879 May's British and Irish Press Guide, 1900 Barrie Kosky's Transnational Theatres James Phillips, John R. Severn, 2021-07-28 This book, the first of its kind, surveys the career of the renowned Australian-German theatre and opera director Barrie Kosky. Its nine chapters provide multidisciplinary

analyses of Barrie Kosky's working practices and stage productions from the beginning of his career in Melbourne to his current roles as Head of the Komische Oper Berlin and as a guest director in international demand. Specialists in theatre studies, opera studies, musical theatre studies, aesthetics and arts administration offer in-depth accounts of Kosky's unusually wide-ranging engagements with the performing arts as a director of spoken theatre, operas, musicals, operettas, as an adaptor, a performer, a writer, and an arts manager. Further, this book includes contributions from theatre practitioners with first-hand experience of collaborating with Kosky in the 1990s who draw on interviews with members of Gilgul Australia's first Jewish theatre company to document this formative period in Kosky's career. The book investigates the ways in which Kosky has created transnational theatres through introducing European themes and theatre techniques to his Australian work or through bringing fresh voices to the national dialogue in Germany's theatre landscape. An appendix contains a timeline and guide to Kosky's productions to date.

Dictionary and Introduction to Global Environmental Governance Richard E. Saunier, Richard Albert Meganck, 2013. This unique dictionary and introduction to Global Environmental Governance (GEG) written and compiled by two veterans of the international stage provides a compilation of over 5000 terms, organizations, and acronyms drawn from hundreds of official sources. An introductory essay frames the major issues in GEG and outlines the pitfalls of talking past one another when discussing the most critical of issues facing the planet. It challenges those who are concerned with the management of our planet and its inhabitants to understand and accept a vocabulary common to the often opposing objectives sought in the many GEG instruments. The result is a practical tool that should find a central place on the desk of anyone involved in environmental management, development, or sustainability issues anywhere in the world, including the United Nations, government, policy makers, NGOs, and other stakeholder groups, the business community, and students and professionals.

Hidden History of the Mississippi Delta Ryan Starrett and Josh Foreman, 2023. Unearth bounty from the Mississippi Delta. The conquistadors staggered through the Delta half-starved, mostly naked, dripping with swamp water. They became the first Europeans to walk in the shade of the Delta's ancient cypress trees, hear the howl of the red wolf, and eat the

maize that would give the Delta its signature dish the hot tamale Over the centuries the bountiful soil of the Delta would beckon to those from all over the world Others came because they had no choice tilling the land while they gave rise to a new and haunting music Learn what the Delta was and what it became and meet the characters who created what James C Cobb called the most southern place on earth In this collection of the nearly forgotten authors Ryan Starrett and Josh Foreman explore one of the most complicated and culturally rich areas in the country Fourth Estate ,1923 *The Sangamo Frontier* Robert Mazrim,2008-09-15 When Abraham Lincoln moved to Illinois Sangamo Country in 1831 he found a pioneer community transforming from a cluster of log houses along an ancient trail to a community of new towns and state roads But two of the towns vanished in a matter of years and many of the activities and lifestyles that shaped them were almost entirely forgotten In *The Sangamo Frontier* archaeologist Robert Mazrim unearths the buried history of this early American community breathing new life into a region that still rests in Lincoln s shadow Named after a shallow river that cuts through the prairies of central Illinois the Sangamo Country an area that now encompasses the capital city of Springfield and present day Sangamon County was first colonized after the War of 1812 For the past fifteen years Mazrim has conducted dozens of excavations there digging up pieces of pioneer life from hand forged iron and locally made crockery to pewter spoons and Staffordshire teacups And here in beautifully illustrated stories of each dig he shows how each of these small artifacts can teach us something about the lifestyles of people who lived on the frontier nearly two hundred years ago Allowing us to see past the changed modern landscape and the clich s of pioneer history Mazrim deftly uses his findings to portray the homes farms taverns and pottery shops where Lincoln s neighbors once lived and worked Drawing readers into the thrill of discovery *The Sangamo Frontier* inaugurates a new kind of archaeological history that both enhances and challenges our written history It imbues today s landscape with an authentic ghostliness that will reawaken the curiosity of anyone interested in the forgotten people and places that helped shape our nation
