Magaw, 1996-04 *Reports of Cases Determined in the Supreme Court of the State of California* California. Supreme Court, 2001 **The Flow of Precursor Chemicals and Assault Weapons from the United States Into the Andean Nations** United States. Congress. House. Select Committee on Narcotics Abuse and Control, 1990 *Twenty Years of School-based Mass Shootings in the United States* Angelyn Spaulding Flowers, Cotina Lane Pixley, 2020-10-05 Twenty Years of School based Mass Shootings in the United States Columbine to Santa Fe is an examination of twenty years of school based mass shootings from Columbine to Santa Fe exploring the larger environmental framework within which these incidents occurred Angelyn Spaulding Flowers and Cotina Lane Pixley use a mixed methods

approach to examine a diverse set of factors identifying risk and protective factors along with specifically desired public policy responses by evaluating the convergence of variables from the range of school based mass shootings included in this study These variables include the type of weapon used the availability of that type of weapon perpetrator characteristics school characteristics as well as the geospatial and demographic characteristics of the school neighborhood These school based mass shooting incidents are explored at both the state and regional level and are further discussed in comparison to leisure time gun use homicide rates and suicide rates in the geographical area The overarching geospatial analytical framework for this research also includes an examination of the manner in which existing policy enactments such as state gun laws vary by geography Spaulding Flowers and Lane Pixley argue that the increased number of fatalities in school based mass shooting is largely due to the increased lethality of the weapons and they propose alternative solutions Scholars of criminology sociology political science and history will find this book particularly useful **Gun Digest, 1992** Ken Warner,1991-07 With sales of nearly a quarter million copies each year Gun Digest is the most authoritative book on the subject of firearms available today The front half of the book consists of the best writing available on firearms subjects The back half of the book consists of a complete catalog of all firearms manufactured in or imported to the U S with full specifications and prices Gunshot Wounds Vincent DiMaio,2015-10-21 Written by the nation s foremost authority on gunshot wounds and forensic techniques as they relate to firearm injuries this third edition of a bestseller provides critical updates to information on gunshot wounds and the weapons and ammunition used to inflict them The book describes practical aspects of ballistics wound ballistics and the classification of various wounds caused by handguns rifles and shotguns It also explains autopsy techniques and procedures and laboratory analyses relating to weapons and gunshot evidence A much needed update after nearly 20 years the third edition of Gunshot Wounds provides the latest and most thorough information on firearms and best practices for examining firearm related wounds
