Handbook of Banking and Finance in Emerging Markets Nguyen, Duc K., 2022-10-14 Emerging markets are increasingly facing significant challenges from a slowdown in productivity rising debt and trade tensions to the adverse effects of proliferating global uncertainty on domestic financial systems This incisive Handbook examines the ongoing dynamics of global financial markets and institutions within the context of such rising uncertainty and provides a comprehensive overview of innovative models in banking and finance

The Routledge Handbook of Financial Literacy Gianni Nicolini, Brenda J. Cude, 2021-12-30 Financial literacy and financial education are not new topics even though interest in these topics among policymakers financial authorities and academics continues to grow The Routledge Handbook of Financial Literacy provides a comprehensive reference work that addresses both research perspectives and practical applications to financial education This is the first volume to summarize the milestones of research in financial literacy from multiple perspectives to offer an overview The book is organized into six parts The first three parts provide a conceptual framework which discusses what financial literacy is how it should be measured and explains why it represents a relevant topic and effective tool in enhancing decision making among consumers as well as consumer protection strategies Part IV addresses the connection between financial education and financial literacy with chapters about financial education in school settings as well as for adults This part includes an analysis of the role of Fintech and the use of gamification in financial education Part V is a collection of contributions that analyze financial literacy and financial education around the world with a focus on geographical areas including the U S South America Western Europe Eastern Europe Asia and Africa This part also considers how financial literacy should be addressed in the case of Islamic finance The concluding part of the book examines how financial literacy is related to other possible approaches to consumer finance and consumer protection addressing the relationships between financial literacy and behavioral economics financial well being and financial inclusion This volume is an indispensable reference for scholars who are new to the topic including undergraduate and graduate students and for experienced researchers who wish to enrich their knowledge policymakers seeking a broader understanding and an international perspective and practitioners who seek knowledge of best practices as well as innovative approaches

SME Finance and the Economic Crisis Alina Hyz, 2019-05-22 This book analyses the financing problems of Greek small and medium sized enterprises SMEs within a liberalized financial system and within an economic environment of fiscal and monetary constraints Using recent data covering a ten year period the main aim of the research is to explain the interdependence between the situation of the banking sector generally and that of small and medium enterprises The author argues that the reluctance of banks to lend to Greek companies because of the strict financing constraints due to the national debt crisis serves to exacerbate the cycle of economic recession This factor seriously undermines the efforts of Greek companies to develop growth opportunities and negatively affects their competitiveness as well as their ability to strengthen their market

position The author examines the supply and demand aspect of the problem there is lower demand for lending due to the decline of demand for goods and services as well as a tightening of banks credit standards whilst on the supply side the deteriorating financial situation of banks and their willingness to avoid increasing risk are important contributing factors Finally the author presents the main conclusions of the analyses carried out in the previous sections of the book and discusses some relevant recommendations for future research Building on the extant literature this book analyses the problem from the point of view of both businesses and the banking sector The study is useful for scholars businesses and policy decision makers who are interested in the problem of small and medium sized enterprises financing Climate Vulnerability Monitor 2010: The State of the Climate Crisis ,2010

Islamic Banking and Financial Crisis Habib Ahmed,2013-12-16 Examines the resilience of Islamic banking during the global financial crisis and lessons for risk management Do Islamic financial institutions perform better than their conventional counterparts during periods of financial stress To what extent do systems for managing risk have to be adapted for Islamic financial institutions given the unique characteristics of their assets and liabilities and the need for shari ah compliance These issues have come to prominence since the global financial crisis of 2007 8 and the subsequent recession and are addressed in this book The challenges for Islamic financial institutions are explored in an international post Basel II system where banks are required to have more capital and liquidity Governance issues are also examined given their influence on client and investor perceptions and their ultimate implications for institutional stability and sustainability Offers an in depth assessment of how Islamic banks weathered the financial crisis and what lessons can be learnt Asks whether Islamic banks are inherently more stable than conventional banks during periods of economic stress Examines how Islamic banks manage risk focusing on liquidity risk and the use of forward contracts to mitigate currency risk Appraises the work of internal shari ah audit units and the use of shari ah reports to reduce non compliance risks Features case studies from the Gulf Malaysia the UK Pakistan Turkey and GCC countries
