Objective

This assignment will allow you to select a business and then conduct the research to help you decide how the 6 external factors may affect your decision to start this business..

What you will do.

1. Identify the business you would like to start.
 - Be creative.
 - Examples might be a surf shop, a non-profit organization to benefit children, a movie production company, a daycare, etc.
 - You get to decide.
2. Research external environmental factors for this type of business in your area.
 - For example: If 65% of the population in your area is over 65, you would not start a daycare since there are very few people who would be having children.
