Guided Readings Cold War:

Confucianism, Colonialism, and the Cold War Grace Ai-Ling Chou, 2011-10-14 The story of Hong Kong's New Asia College from its 1949 establishment through its 1963 incorporation into The Chinese University of Hong Kong reveals the efforts of a group of self-exiled intellectuals in establishing a Confucian-oriented higher education on the Chinese periphery. Their program of cultural education encountered both support and opposition in the communist containment agenda of American non-governmental organizations and in the educational policies of the British colonial government. By examining the cooperation and struggle between these three parties, this study sheds light on postwar Hong Kong, a divided China, British imperial ambitions in Asia, and the intersecting global dynamics of modernization, cultural identity, and the Cold War.

The Bloomsbury Handbook to Cold War Literary Cultures Greg Barnhisel, 2022-06-30 Adopting a unique historical approach to its subject and with a particular focus on the institutions involved in the creation, dissemination, and reception of literature, this handbook surveys the way in which the Cold War shaped literature and literary production and how literature affected the course of the Cold War. To do so, in addition to more traditional sources, it uses institutions like MFA programs, university literature departments, book review sections of newspapers, publishing houses, non-governmental cultural agencies, libraries, and literary magazines as a way to understand works of the period differently. Broad in both their geographical range and the range of writers they cover, the book's essays examine works of mainstream American literary fiction from writers such as Roth, Updike, and Faulkner, as well as moving beyond the U.S. and the U.K. to detail how writers and readers from countries including but not limited to Taiwan, Japan, Uganda, South Africa, India, Cuba, the USSR, and the Czech Republic engaged with and contributed to Anglo-American literary texts and institutions. *Cold War*, **Cold War** Robert Mann, 2002 A comprehensive look at the hundred-year history of the Cold War from the rise of Lenin and communism to the foreign policy of George W. Heard about the collision between the Chinese freighter and the U.S. Navy spy plane? New York Times political columnist Maureen Dowd said in April: One veteran cold warrior who served under several presidents told me he was shocked that Bush II had refrozen the cold war. The Cold War International History Project Website at the Woodrow Wilson International Center for Scholars has up-to-date info on books published about the Cold War, as well as conferences, news, etc. The Complete Idiot's Guide to the Cold War covers origins of the Cold War, Karl Marx, the Treaty of Versailles, the Great Depression, the New Deal, and World War II, the China Lobby, and the Marshall Plan, American Caesar in Korea, and Tail Gunner Joe, the birth of talking-head journalism, those Happy Days 1950s, the Cuban Missile Crisis, and death in Vietnam, the turbulent Sixties, Nixon visits China, Cold War America in the Seventies and Eighties, the Evil Empire, Grenada, Nicaragua, and KAL Flight 007, and Post-Cold War policy, the Cold War legacy. **Defence Intelligence and the Cold War** Huw Dylan, 2014-10-30 During the Second World War, British intelligence provided politicians and soldiers with invaluable

The Global Cold War on Campus Kyara Anne Klausmann,2023-11-06 How and why did students at Kabul University engage in political activism or refrained from it between 1964 and 1992 Based on oral history interviews with former students this book reveals how they as many others around the world at the same time were galvanized by and disappointed with promises of progress dominating local and international politics During the 1960s the international influences on campus encouraged students engagement with competing political ideologies Collective student protest against the monarchy turned into hostilities between opposing political groups within the student body claiming to lead Afghanistan towards independence and prosperity After the coup d tat by the People s Democratic Party of Afghanistan PDPA in 1978 none of the ideologies which had previously incited students provided hope for a better future anymore Many students who had fought for the PDPA earlier were repelled by the government s violence and those who stood up against the regime were persecuted and fled the country Overall the dynamics of political activism at Kabul University reflect the deep intertwinement of the Global Cold War and local struggles for inclusion and independence

Reading Humanitarian Intervention Anne Orford,2003-06-26 During the 1990s humanitarian intervention seemed to promise a world in which democracy self determination and human rights would be privileged over national interests or imperial ambitions Orford provides critical readings of the narratives that accompanied such interventions and shaped legal justifications for the use of force by the international community Through a close reading of legal texts and institutional practice she argues that a far more circumscribed exploitative and conservative interpretation of the ends of intervention was adopted during this period The book draws on a wide range of sources including critical legal theory feminist and postcolonial theory psychoanalytic theory and critical geography to develop ways of reading directed at thinking through the cultural and economic effects of militarized humanitarianism The book concludes by asking what if anything has been lost in the move from the era of humanitarian intervention to an international relations dominated by wars on terror

(Mis)Reading Different Cultures Yukari Takimoto Amos,Daniel Miles Amos,2018-06-29 Teachers selection of the literature they use in instruction frequently depends on how they interpret in other words whether or not they accurately take in the authors perspectives This point presents a particular challenge in the selection of international literature

International literature reflects a country's and a region's unique cultural values and practices and is usually not written for people outside the country of origin. Therefore, it is possible that readers in other countries may not understand or be aware of those values and misinterpret the stories. Since Asian and the Western countries, including the U.S., hold maximum sociocultural differences and the perceived cultural distance has remained significantly wide, reading and interpreting literature from Asia can present tremendous challenges to Americans. The book addresses the challenges teachers face when interpreting and teaching with international children's literature from Asia. The book engages readers with comprehensive coverage on theories, concepts, pitfalls, and applications when endeavoring to use international children's literature from Asia in classrooms. The book should be used to teach how interpretations, worldviews, vary by cultures and how power influences such interpretations, worldviews. Strategies and frameworks will be provided relating to how teachers can be more culturally conscious of their own biases and develop culturally authentic interpretations. Call to Freedom Sterling Stuckey, 2003

Teaches U.S. history employing the themes: geography, economics, government, citizenship, science, technology, and society, culture, Constitutional heritage, and global relations. *Burn After Reading* Ladislav Farago, Emerson F. Hurley, 2019-12-06

Hungarian-born Ladislav Farago wrote numerous books on the war and espionage, including an authoritative biography of General George Patton. 1963 Farago passed away on October 15, 1980.

Cold War Radio Mark G. Pomar, 2022-10

Cold War Radio is a fascinating look at how the United States waged the Cold War through the international broadcasting of Voice of America (VOA) and Radio Free Europe (RFE) / Radio Liberty (RL). Mark G. Pomar served in senior positions at VOA and RFE/RL from 1982 to 1993, during which time the Reagan and Bush administrations made VOA and RFE/RL an important part of their foreign policy. VOA is America's national voice, broadcasting in more than forty languages and is charged with explaining U.S. government policies and telling America's story with the aim of gaining the respect and goodwill of its target audience. During the Cold War, the VOA Russian Service broadcast twenty-four hours a day, seven days a week. RFE/RL is a private corporation funded until 1971 by the CIA and afterward through open congressional appropriations. It broadcasts in more than twenty languages of Central and Eastern Europe and Eurasia and functioned as a home service located abroad. Its Russian Service broadcast news, feature programming, and op-eds that would have been part of daily political discourse if Russia had free media. Pomar takes readers inside the two radio stations to show how the broadcasts were conceived and developed and the impact they had on international broadcasting, U.S.-Soviet relations, Russian political and cultural history, and the

dissolution of the Soviet Union Pomar provides nuanced analysis of the broadcasts and sheds light on the multifaceted role the radios played during the Cold War ranging from instruments of U S Cold War policy to repositories of independent Russian culture literature philosophy religion and the arts Cold War Radio breaks new ground as Pomar integrates his analysis of Cold War radio programming with the long term aims of U S foreign policy illuminating the role of radio in the peaceful end of the Cold War
