The following diagram is of a set of human chromosomes. This diagram is known as a KARYOTYPE. There are several things that you see each group in diagram. You will answer these things through the following readings and questions.

Karyotype of

1.) Karyotype is the ordered set of chromosomes we will look at. Notice that the chromosomes are all paired up. How many pairs of chromosomes do you see?

2.) Looking closer you will see that the pairs of chromosomes are paired according to size/shape/color of the chromosomes.

List some examples that you see among paired chromosomes:

3.) Each karyotype shows what shape some major body details about the person (the organs). Looking at this particular karyotype, describe to the best of the person's _____.

4.) The chromosomes in the karyotype also show color light and dark bands. What do you think these "regions" of light and dark bands are?

5.) If you start with chromosome number 1 and go until chromosome number 22, you will see a trend in size correlations. What is this trend?

6.) How do you think this trend of size of chromosomes is related to the particular chromosomes?
