How Terrorist Groups End Seth G. Jones, Martin C. Libicki, 2008-07-17 All terrorist groups eventually end But how do they end The evidence since 1968 indicates that most groups have ended because 1 they joined the political process 43 percent or 2 local police and intelligence agencies arrested or killed key members 40 percent Military force has rarely been the primary reason for the end of terrorist groups and few groups within this time frame have achieved victory This has significant implications for dealing with al Qaeda and suggests fundamentally rethinking post 9 11 U S counterterrorism strategy Policymakers need to understand where to prioritize their efforts with limited resources and attention The authors report that religious terrorist groups take longer to eliminate than other groups and rarely achieve their objectives The largest groups achieve their goals more often and last longer than the smallest ones do Finally groups from upper income countries are more likely to be left wing or nationalist and less likely to have religion as their motivation The authors conclude that policing and intelligence rather than military force should form the backbone of U S efforts against al Qaeda And U S policymakers should end the use of the phrase war on terrorism since there is no battlefield solution to defeating al Qaeda

How Wars End Damien Kingsbury, Richard Iron, 2022-12-27 This book addresses one of the most important issues in international relations how wars are ended The volume draws on the direct experience of both soldiers and academics who in each case have also been advisers on fighting and ending wars Unlike more theoretical works the book draws on first hand experiences in the case studies which include the wars in Iraq Afghanistan Sierra Leone and Indonesia among others The volume is constructed around a series of themes The first theme is why wars start and how they can be understood based on the assumption that knowing how and why wars start is fundamental to understanding how they might end The second is what sustains wars and what makes them difficult to end Again once wars start understanding what keeps them going is critical to how to end them The third focuses on the role of external intervention in ending wars including as a belligerent partner in war as a peacemaking or peacekeeping force and as a mediator between warring parties The fourth addresses the

issue of ripeness and the right conditions for ending wars The fifth addresses the modalities for ending wars and creating peace with the sixth theme being focused on transitions to peace and what is required to help make those transitions successful The book will be of interest to students of military strategic and security studies peace studies and International Relations *How Will it End?* Agnes Strickland,1865 **HOW WILL IT END** Joe Caggiano,2012-07-03 You are all about to read a book where the world and those that inhabit it have drastically changed causing something that may not be resolved without a world war as never seen before IS IT TOO LATE I DON T LIKE WHAT I AN LEAVING MY CHILDREN AND GRANDCHILDREN BUT AS ONE PERSON I CANNOT SOLVE THE PROBLEM Some or many would state that all that is happening is Considered progress I do realize that things do change but not like they have now All that is actually happening reminds me of scrambled eggs or just a big mess I was right about one thing crime has increased due to the Economy There are more more people in the poverty level as I see it Survival will make many rebel and fight back it s just a matter of time Has mankind gone far as it can Let s see if you would make a good Judge read on **Never Mind What Happened, How Did It End?** David Rogers,1976 *The Bagford Ballads: Illustrating the Last Years of the Stuarts* ,1878 **Senate documents** ,1877 **Works Issued by the Hakluyt Society** ,1921 **Without a home** Edward Payson Roe,1902 *The Novels of Charles Lever: Charles O'Malley, the Irish dragoon; with illus. by Phiz* Charles James Lever,1894 *The Chronicle of Muntaner* Ramón Muntaner,1921 **How to End a Story** Helen Garner,2025-03-11 For the first time ever collected here are all three volumes of the diaries of Helen Garner inviting readers into the world behind the novels and nonfiction of a literary force The name Helen Garner commands near universal acclaim A master of many literary forms Garner is best known for her frank unsparing and intricate portraits of ordinary people in difficult times New York Times But the inspiration for it all was her extensive collection of diaries fastidiously kept intricately written and delightfully dishy unspooling the inner lives of her insular world in bohemian Melbourne Now for the first time all three volumes of Garner s inimitable diaries are collected into one book Spanning more than two decades each finely etched volume reveals Garner like never before a fledgling author publishing her lightning rod debut novel in the late 70s in the throes of a consuming affair in the late 80s and clinging to a disintegrating marriage in the late 90s And all the while they bear witness to one of the world s great writers hard at work Devastatingly honest and disarmingly funny *How to End a Story* is a portrait of loss betrayal and the sheer force of a woman s anger but also of resilience quotidian moments of joy the immutable ties of motherhood and the regenerative power of a room of one s own *Cosmopolitan* ,1897 **The Economist** ,1916 **The History of Nations** Henry Cabot Lodge,1906 *The Confessions of a Caricaturist* Harry Furniss,1902 **Bulletin of the Public Library of the City of Boston** Boston Public Library,1896 **Poland, the Unknown** Kazimierz Waliszewski,1919 [Publishers' Weekly](#) ,1877
