States. Navy,2018-09-16 Module 21 Test Methods and Practices describes basic test methods and practices The Navy  
Electricity and Electronics Training Series NEETS was developed for use by personnel in many electrical and electronic  
related Navy ratings Written by and with the advice of senior technicians in these ratings this series provides beginners with  
fundamental electrical and electronic concepts through self study The presentation of this series is not oriented to any  
specific rating structure but is divided into modules containing related information organized into traditional paths of
