your time at university **The Architects Guide to Writing** Bill Schmalz, The Images Publishing Group, 2014 There are a lot of good books available to help people write better They include dictionaries usage guides and various types of writers manuals and professional writers ought to have many of those books on their bookshelves But most architects and other design and construction professionals are not professional writers Instead they are people who spend a large part of their professional lives writing That s a big difference and that s where this book will help The Architect s Guide to Writing has been written not by an English major but by Bill Schmalz an architect who knows the kinds of documents his fellow professionals routinely have to write and understands the kinds of technical mistakes they often make in their writing This book is designed to meet the specific needs of design and construction professionals It s not going to waste their time with the things that most educated professionals know but it will help them with the things they don t know or are unsure of It s not a Chicago Manual sized encyclopaedic reference that includes everything any writer would ever need to know because architects don t need to know everything But what they do need to know and what they use every day in their professional lives has been assembled in this book **How To Write a Book - The System** Dan Moskel, 2014-09-16 How awesome will it feel to add to your resume that you re published author How about being able to say to your friends family and associates they can grab a copy of your book at iTunes Amazon BarnesandNoble com on the Kindle Nook and in audio book How cool will that be The best part about writing a book is this is a great way to generate passive recurring streams of revenue in the form of royalties on your book sales Would your life improve with multiple recurring passive streams of income Could that help you break free the bonds of spending Monday through Friday with Dwight Schrute and Michael Scott from the hit TV show The Office Let me share a cold harsh reality it s said 8 in 10 Americans want to write a book but how many of these well intended folks actually do it The Department of Labor in 2012 reported less than 130 000 writers and authors among a population of more than 300 million people In other words the odds are about as good as winning the lottery The plain truth is writing a book is a job It requires you to invest energy time and effort But it doesn t have to be some long arduous journey If you listen to what the others say you ll hear them yammering on about investing years into writing a book and how painful the experience is Recently I even heard one author say he had two major illnesses two surgeries and spent two years writing his book and still has no idea what to do differently other than purchase better health insurance for the next one Come on man how about trying anything differently You see the Rosetta Stone to writing your book is following a simple proven step by step formula This is how you write one book and if you so choose five more and without feeling like your donating an organ giving birth or solving advanced calculus Surely you ve seen an episode of the hit TV show Shark Tank with Barbara Corcoran she s written three books But did you know she has dyslexia and was a D student in high school It doesn t require a Harvard degree and the lack of a formal education didn t stop Charles Dickens H G Wells Jack London or Mark Twain to name but a few Look this is my eighth book and just like Chris Farley in the movie Tommy Boy I barely escaped college in

less than a decade and started writing professionally as a college dropout During our great recession and have earned millions of dollars working from home and even part time while finishing school You may have even seen me on national TV in my own infomercial It s awesome to say I ve appeared on ESPN with LeBron James even if we weren t playing basketball together I don t say this to brag but so that you will take my words seriously In this book you ll be empowered with a simple bite size 11 step system to become one of the few brave courageous souls that takes this dream and turns it into a reality You are a dreamweaver let s get busy and make it happen Just think about what being a published author will do for your career Surely it ll pour rocket fuel on positioning you as an expert and authority in your field Along with raining down upon you potential media interviews speaking engagements new clients the sky s the limit Do you hear that knocking For it s the moment of opportunity at your door But just like in the movie the Matrix Keanu Reeves was given a choice of the red pill or the blue pill right now this moment you re faced with the same decision what choice will you make You see it s not luck happenstance or black voodoo magic that you re hearing this message Come along now Let s get started with step 1 and keep in mind what Mark Twain said Twenty years from now you ll be more disappointed by the things you didn t do than by the ones you did do P S Please grab your bonus peek over my shoulder videos at DanMoskelUniversity.com
