The Art of Creative Writing: A Teacher's Guide Rodney Marshall, 2018-07-13 Most children enjoy creative writing It allows them a freedom which other

parts of the English curriculum do not. It also offers them an opportunity to express their personalities and can even be a therapeutic process. Unfortunately, it tends to be the one area which many teachers struggle with. Professional writers research thoroughly before picking up a pen. Students need to do the same. This book guides teachers through the process of exploring a range of topics from story starters through genre writing to how historical events and topical debates can be used as launching pads for story writing. The guide also contains vocabulary banks and examples of pupils writing. Following it will result in personal narratives which children of any ability can enjoy sharing in the classroom.
