

## Logo Misuse

It's important that the appearance of the Logo remains consistent.

The Logo should not be misinterpreted, modified, or added to. No attempt should be made to alter the Logo in any way. Its information, colour and composition should remain as indicated in this document — there are no exceptions.

## Specify Green

→ Do's & Don'ts

Specify Green, pictured right, is our resting colour; used only in situations where the brand palette (Logo) being used.

This elevates Specify Green from the rest of the palette, ensuring that it's not confused with other palette colours.

### Do's

Specify Green should only ever sit on white, black, or a non-distorted photograph.

Specify Green will mostly exist in the app. If it ever appears in a brand communication, it should be the only brand colour in that communication.

### Don'ts

Specify Green should *never* be used as or with a colour from the brand palette, or a distorted image.

If, for example, you have the Logo in the Specify Green and you wish to use a distorted photo, simply change the Logo colour to one of the brand palette colours.

**YES**

Specify Green on black.

**YES**

Specify Green on white.

**YES**
