Maino, 2012 Visual Diagnosis and Care of the Patient with Special Needs provides a thorough review of the eye and vision care needs of patients with special needs This book gives you a better understanding of the most frequently encountered developmental and acquired disabilities seen in the eye care practitioner's office These disabilities include patients with autism brain injury Fragile X syndrome and Down syndrome as well as those with psychiatric illness dual diagnosis and more The text discusses in great detail the visual issues inherent in these populations and their possible treatment A group of authors with approximately 500 years of experience in the field of eye care and

special populations have been brought together to develop this comprehensive reference. It may appear that this book is written primarily for eye care practitioners such as optometrists and ophthalmologists while vision is the overriding topic; this book serves as an excellent resource for a multitude of professions including those engaged in occupational therapy, physical therapy, speech and language therapy, psychiatry, social work, pediatric medicine, and special education. **Kickbacks in Cataract Surgery** United States. Geriatric Home-Based Medical Care Jennifer L. Hayashi, Bruce Leff, 2015-12-09 This book is a practical reference for any clinician who has struggled to care for an older adult in a home setting. The volume is written by experts in the field who describe fundamental principles and clinical approaches of geriatric home based care and their application to specific diseases and conditions including delirium, incontinence, falls, and chronic pain and disability. The book also details house calls for special populations from the developmentally disabled to those afflicted with neurologic or psychiatric diseases. The volume explores house calls within the context of the US healthcare system. *Geriatric Home Based Medical Care: Principles and Practice* is a valuable resource for geriatricians, geriatric nurses, primary care physicians, social workers, public health officials, and all medical professions who need tools to provide timely, compassionate, and high quality care for their older adult patients. Zoltan's Vision, Perception, and Cognition Tatiana Kaminsky, Janet Powell, 2024-06-01 The go-to guide for nearly 50 years for occupational therapists working with adults with visual perceptual and cognitive deficits after brain injury is back for a Fifth Edition. *Zoltan's Vision Perception and Cognition: Evaluation and Treatment of the Adult With Acquired Brain Injury* Fifth Edition maintains the core foundation laid in previous editions while drawing upon Drs. Tatiana A. Kaminsky and Janet M. Powell's 60-plus years combined of clinical teaching and research experience in adult neuro-based rehabilitation. This best-selling text translates the available research and theory into application for practice. The result is a comprehensive, accessible, up-to-date, and evidence-informed textbook with a strong occupation-based focus, detailing occupational therapy evaluation and treatment practices for adults with visual perceptual and cognitive deficits after brain injury. What's new in the Fifth Edition? An emphasis on functional cognition, occupational focus, and changes in approaches to rehabilitation. Clinical examples from adult neurorehabilitation to ease understanding. Up-to-date evidence and everyday technology implementation. Tips for collaborating with a team of practitioners. New case examples. Included with the text are online supplemental materials for faculty use in the classroom. *Zoltan's Vision Perception and Cognition: Evaluation and Treatment of the Adult With Acquired Brain Injury* Fifth Edition includes key updates to stay current while maintaining the essence of its previous editions. **The Continuum of Stroke Care** Joanne V. Hickey, Sarah Livesay, 2015-03-25 *The Continuum of Stroke Care: An Interprofessional Approach to Evidence-Based Care* will address the clinical care of stroke patients across the continuum of care from primary prevention of stroke, the acute and subacute treatment of stroke syndromes through rehabilitation and

reintegration into the community Each chapter will review current evidence based practice guiding clinical stroke care The book will address the American Stroke Association s Stroke Chain of Survival addressing prehospital care of the stroke patient and the development of stroke systems of care to provide all people in the United States access to acute stroke care Additionally the book will cover the current role of state legislation in stroke care and the evolution of hospital stroke certification The book will serve as a clinical resource providing detailed comprehensive medical and nursing care of all stroke subtypes while also addressing the system of stroke care in which medical nursing and interprofessional care provided As such the book will serve as a clinical resource to medical and nursing caregivers providing direct patient care as well as stroke coordinators program directors and other hospital administrators developing stroke programs The book will also be a clinical resource for stroke interprofessional team members such as physical therapists occupational therapists Stroke care is most successful at improving patient outcomes when delivered by an interdisciplinary team Each chapter will address the critical role of the interprofessional team and highlight comprehensive care of the stroke patient rather than focusing only on nursing care Books published to date focus solely on the medical or nursing care of the stroke patient without attention to the stroke system of care and the role of the multidisciplinary team in improving stroke outcomes Additionally each chapter will highlight ongoing research trials and opportunities with the recognition that the scientific foundation for acute stroke care is rapidly evolving Federal Register ,2013-12
