Tobin,Dennis R. Ybarra,2008-07-31 School textbooks in Iran Saudi Arabia Egypt and elsewhere in the Arab and Muslim worlds are filled with anti Western and anti Israel propaganda Most readers will be shocked to discover that history and geography textbooks widely used in America s elementary and secondary classrooms contain some of the very same inaccuracies about Jews Judaism and Israel Did you know that there is no record of any important Jewish contribution to the sciences World Civilizations Thomson Wadsworth Or that Christianity was started by a young Palestinian named Jesus The World Scott Foresman Pearson Supplemental materials and other classroom influences are even worse The Trouble with Textbooks exposes the poor scholarship and untruths in textbooks about Jews and Israel The problems uncovered in this ground breaking analysis are instructive and illustrate the need for reform in the way textbooks are developed written marketed and distributed Substitute another area how we teach American history Western civilization or comparative religion and we have another equally intriguing case study The Trouble with Textbooks shows what can go terribly wrong in discussing religion geography culture or history and in this case all of them The Trouble with Textbooks tells a cautionary tale for all readers whatever their background of how textbooks that Americans depend on to infuse young people with the values for good citizenship and to help acculturate students into the multicultural salad that is American life instead disparage some groups and teach historical distortions With millions of young people using these textbooks each year the denigration of some should be a concern for all Modern World History: Patterns of Interaction Holt McDougal,2005-01 **Children's Books in Print, 2007** ,2006 El-Hi Textbooks & Serials in Print, 2005 ,2005 **World History: Patterns of Interaction** McDougal Littell Incorporated,2005-01-01 **Teaching Palestine** Bill Bigelow,Jesse Hagopian,Suzanna Kassouf,2025-05-15 Palestine has long been one of the great silences in the official curriculum Teaching Palestine Lessons Stories Voices provides educators with powerful tools to uncover the history and current context of Palestine Israel in the classroom poetry personal narratives interviews role plays critical reading writing activities and more Teaching Palestine offers a defense of Palestinian humanity centering Palestinian lives uplifting and celebrating Palestinians struggle for justice and critiquing racism and inequality *Modern World History: Patterns of Interaction* Holt McDougal,2001-01 Modern World History: Patterns of Interaction McDougal Littell Incorporated,2005-01-01 *Lies My Teacher Told Me* James W. Loewen,2018-07-17 Every teacher every student of history every citizen should read this book It is both a refreshing antidote to what has passed for history in our educational system and a one volume education in itself Howard Zinn A new edition of the national bestseller and American Book Award winner with a new preface by the author Since its first publication in 1995 Lies My Teacher Told Me has become one of the most

important and successful history books of our time Having sold nearly two million copies the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti Racist Scholarship and was heralded on the front page of the New York Times For this new edition Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems and calls out academic historians for abandoning the concept of truth in a misguided effort to be objective What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls an extremely convincing plea for truth in education In *Lies My Teacher Told Me* James W Loewen brings history alive in all its complexity and ambiguity Beginning with pre Columbian history and ranging over characters and events as diverse as Reconstruction Helen Keller the first Thanksgiving the My Lai massacre 9 11 and the Iraq War Loewen offers an eye opening critique of existing textbooks and a wonderful retelling of American history as it should and could be taught to American students
