the changes that need to occur and the consequences if they don't. There is another huge advantage to post nups. If the behavior is not changed and divorce is triggered the terms were set when the parties were both seeking to save the marriage not when they're going through an acrimonious break up. These terms are usually reasonable and fair who gets the kids and when a fair amount of alimony for a fair term division of the property all because the spouses are seeking a solution at the time. This book covers the human frailties that can cause problems in a marriage financial problems drinking drug use cheating blended families in law problems inheritance religious issues and so on.
