Information Systems Foundations: Constructing and Criticising Shirley Gregor, Dennis N. Hart, 2005-06-01 Papers presented at the second biennial Information Systems Foundations Constructing and Criticising Workshop held at The Australian National University in Canberra from 16-17 July 2004 The focus of the workshop was as for the first in the series the foundations of Information Systems as an academic discipline The particular emphasis was on the adequacy and completeness of theoretical underpinnings and the research methods employed

**Social Work Theories and Methods** Mel Gray, Stephen Webb, 2012-12-14 The second edition of this celebrated book by two of the world's leading researchers in social work introduces readers to the main theories theorists and perspectives that contribute to the debate on social work theory and social work methods It brings together some outstanding international researchers in social work to challenge the reader to critically question how they think about social work The new edition includes a focus on the psychosocial

perspective with three new chapters on Cognitive behavioural approaches Attachment theory and psychoanalytic social work Ecological approaches Each chapter allows the reader to relate the theories and methods discussed to their own personal experiences This reader friendly book includes student questions glossaries and recommended reading so that students and practitioners can reappraise and expand the knowledge they have learned This book will be valuable for undergraduate and postgraduate students taking courses in social work theory and research methods social work interventions and perspectives as well as post qualifying students and researchers in social work

**Identity? Metaphysical Approach** Jure Zovko, 2020-01-01 Identity is considered *prima facie* the most important philosophical principle in traditional logic and metaphysics The reflexive ability of the subject implies that he or she can relate to himself or herself and to others thus establishing the basis for the formation of individual and social identity The present essays which contains papers held at the conference of the Institut International de Philosophie at the University of Zadar in 2007 present a range of positions and arguments regarding the possibilities of philosophical interpretation of identity [The Black Book](#) Richard A.

Jones, 2013-11-26 [The Black Book](#) Wittgenstein and Race attempts to highlight the importance of Ludwig Wittgenstein s work for contemporary African American and Africana philosophy Richard A Jones argues that Wittgenstein s early Tractarian views on logical atomism and his later more holistic views from his work *Philosophical Investigations* are exceedingly relevant to African American philosophy *The Black Book* investigates the epistemic linguistic and political grounds from which inspiration might be drawn Ultimately as philosophy attempts to redefine itself in a postmodern discourse where it has been deigned concluded it is the awe for the ordinary that Wittgenstein inspires and that should re inspire the creative imaginary in Africana thought *The Black Book* is an attempt to show that Wittgenstein s work continues to be important not only for African American philosophers but for all philosophers

**The Routledge Handbook of Metaphysical Grounding** Michael Raven, 2020-05-04 Some of philosophy s biggest questions both historically and today are in virtue of questions In virtue of what is an action right or wrong In virtue of what am I the same person my mother bore In virtue of what is an artwork beautiful Philosophers attempt to answer many of these types of in virtue of questions but philosophers are also increasingly focusing on what an in virtue of question is in the first place Many assume at least as a working hypothesis that in virtue of questions involve a distinctively metaphysical kind of determinative explanation called ground This Handbook surveys the state of the art on ground as well as its connections and applications to other topics The central issues of ground are discussed in 37 chapters all written exclusively for this volume by a wide range of leading experts The chapters are organized into the following sections I History II Explanation and Determination III Logic and Structure IV Connections V Applications Introductions at the start of each section provide an overview of the section s contents and a list of Related Topics at the end of each chapter points readers to other germane areas throughout the volume The resulting volume is accessible enough for advanced students and informative enough for researchers It is essential reading for anyone

hoping to get clearer on what the biggest questions of philosophy are really asking      Philosophizing the Americas Jacoby Adeshei Carter, Hernando Arturo Estévez, 2024-04-16 *Philosophizing the Americas* establishes the field of inter American philosophy Bringing together contributors who work in Africana Philosophy Afro Caribbean philosophy Latin American philosophy Afro Latin philosophy decolonial theory and African American philosophy the volume examines the full range of traditions that have separately and in conversation with each other worked through how philosophy in both establishes itself in the Americas and engages with the world from which it emerges The book traces a range of questions from the history of philosophy in the Americas to philosophical questions of race feminism racial eliminativism creolization epistemology coloniality aesthetics and literature The essays place an impressive range of philosophical traditions and figures into dialogue with one another some familiar such as Jos Mart Sylvia Wynter Martin R Delany Jos Vasconcelos Alain Locke as well as such less familiar thinkers as Arturo Alfonso Schomburg Hilda Hilst and George Lamming In each chapter the contributors find fascinating and productive matrices of tension or convergence in works throughout the Americas The result is an original and important contribution to knowledge that introduces readers from various disciplines to unfamiliar yet compelling ideas and considers familiar texts from novel and prescient perspectives *Philosophizing the Americas* stands alone as a representation of current scholarly debates in the field of inter American philosophy      **Critical Thinking** Tracey Powell, Gary

Kemp, 2002-06-01 *Critical Thinking* is a much needed guide to thinking skills and above all to thinking critically for oneself Through clear discussion students learn the skills required to tell a good argument from a bad one Key features include jargon free discussion of key concepts in argumentation how to avoid confusions surrounding words such as truth knowledge and opinion how to identify and evaluate the most common types of argument how to spot fallacies in arguments and tell good reasoning from bad topical examples from politics sport medicine music chapter summaries glossary and exercises *Critical Thinking* is essential reading for anyone student or professional seeking to improve their reasoning and arguing skills

Biblical Narratives and Human Flourishing Eleonore Stump, Judith Wolfe, 2024-06-28 Biblical narratives include some of the most important and influential narratives in human history shaping human understanding of the most basic questions of human life as lived individually or in social association with others These narratives have lasted for so many centuries because they offer deep insights into the nature of the human condition and human flourishing This volume includes chapters by accomplished philosophers and theologians who bring their expertise to bear on biblical narratives to show the way in which each narrative contributes something distinctive to our understanding of human flourishing They broaden the ongoing work in analytic theology with a new focus on narrative and the knowledge of persons in philosophical theological biblical exegesis They also illustrate the narrative cognition that this methodology can provide The book will be of interest to scholars of philosophy theology and biblical studies
