In The Shadow of Mandela Alexander Johnston, 2019-12-12 This outstanding and original work goes to the heart of South Africa's political problems doubts as to the sustainability of the post apartheid settlement beset with divisions in the ruling ANC factionalism corruption and the widening of fault lines in state and society The leadership issue has become key and this will be the first specific examination of leadership in the light of Mandela's legacy and its effect on his successor as potential and actual leaders all in the shadow of Mandela as the architect of the transition from apartheid to democracy and with overarching moral authority and international reputation Alexander Johnston shows how his successors are judged against Mandela's achievements including the potentially impressive lost leaders and concentrating on his immediate successors Thabo Mbeki and Jacob Zuma The book concludes with an in depth assessment of new president Cyril Ramaphosa's potential to be a leader for a new dawn This is an objective and critical work by a close observer who acknowledges the achievement of South African leadership but is acutely aware of the doubts as to the sustainability of South Africa's hard won democratic settlement An essential read for all readers interested in leadership and in the traumatic history and future of Africa's leading state as the continent rises to global importance

Social Movements in the Global South S. Motta, A. Gunvald Nilsen, 2011-03-29 Popular struggles in the global south suggest the need for the development of new and politically enabling categories of analysis and new ways of understanding contemporary social movements This book shows how social movements in Africa South Asia Latin America and the Middle East politicize development in an age of neoliberal hegemony

South Africa Pushed to the Limit Hein Marais, 2013-07-04 Since 1994 the democratic government in South Africa has worked hard at improving the lives of the black majority yet close to half the population lives in poverty jobs are scarce and the country is more unequal than ever For millions the colour of people's skin still decides their destiny In his wide ranging incisive and provocative analysis Hein Marais shows that although the legacies of apartheid and colonialism weigh heavy many of the strategic choices made since the early 1990s have compounded those handicaps Marais explains why those choices were made where they went awry and why South Africa's vaunted formations of the left old and new have

failed to prevent or alter them From the real reasons behind President Jacob Zuma s rise and the purging of his predecessor Thabo Mbeki to a devastating critique of the country s continuing AIDS crisis its economic path and its approach to the rights and entitlements of citizens South Africa Pushed to the Limit presents a riveting benchmark analysis of the incomplete journey beyond apartheid

Democracy as Death Jason Hickel, 2015-03-07 The revolution that brought the African National Congress ANC to power in South Africa was fractured by internal conflict Migrant workers from rural Zululand rejected many of the egalitarian values and policies fundamental to the ANC s liberal democratic platform and organized themselves in an attempt to sabotage the movement This anti democracy stance which persists today as a direct critique of freedom in neoliberal South Africa hinges on an idealized vision of the rural home and a hierarchical social order crafted in part by the technologies of colonial governance over the past century In analyzing this conflict Jason Hickel contributes to broad theoretical debates about liberalism and democratization in the postcolonial world Democracy as Death interrogates the Western ideals of individual freedom and agency from the perspective of those who oppose such ideals and questions the assumptions underpinning theories of anti liberal movements The book argues that both democracy and the political science that attempts to explain resistance to it presuppose a model of personhood native to Western capitalism which may not operate cross culturally

Language Policy in Higher Education F. Xavier Vila Moreno, Vanessa Bretxa, 2014-12-05 In today s increasingly interconnected

knowledge based world language policy in higher education is rapidly becoming a crucial area for all societies aiming to play a part in the global economy The challenge is double faceted how can universities retain their crucial role of creating the intellectual elites who are indispensable for the running of national affairs and at the same time prepare their best educated citizens for competition in a global market To what extent is English really pushing other languages out of the academic environment Drawing on the experience of several medium sized language communities this volume provides the reader with some important insights into how language policies can be successfully implemented The different sociolinguistic contexts under scrutiny offer an invaluable comparative standpoint to understand what position can or could be occupied by each language at the level of higher education *Controlled Natural Language* Brian Davis, Kaarel Kaljurand, Tobias Kuhn, 2014-07-21 This book constitutes the refereed proceedings of the 4th International Workshop on Controlled Natural Language CNL 2014 held in Galway Ireland in August 2014 The 17 full papers and one invited paper presented were carefully reviewed and selected from 26 submissions The topics include simplified language plain language formalized language processable language fragments of language phraseologies conceptual authoring language generation and guided natural language interfaces **Drum**, 2009 **The National Agricultural Directory 2009**, 2009 [African Languages in Classrooms and Academia: Intellectualisation and Empowerment through Formal Education](#) Xolisa Tshongolo, 2024-12-02 To date there have been few comprehensive books published which deal specifically with the role of African languages in academia and formal education Motinyane Mletshe and Tshongolo as editors have produced a book that fills this gap In this timely collection of 21 chapters written in African languages and English the contributors offer a critique of both language practice in the classroom as well as language planning policy creation and implementation challenges A timely and innovative contribution in the area of language in education teaching pedagogy as well as multilingualism **Stating the Sacred** Michael J. Walsh, 2020-02-25 China's constitution explicitly refers to its sovereign domain as sacred territory Why does an avowedly secular state make such a claim and what does this suggest about the relations between religion and the nation state Focusing primarily on China *Stating the Sacred* offers a novel approach to nation state formation arguing that its most critical element is how the state sacralizes the nation Michael J Walsh explores the religious and political dimensions of Chinese state ideology making the case that the sacred is a constitutive part of modern China He examines the structural connection among texts constitutions legal codes national histories ostensibly universal and normative categories race religion citizenship freedom human rights and territoriality the integrity of sovereignty and control over resources and people showing how they are bound together by the sacred Considering a variety of what he refers to as theopolitical techniques Walsh argues that nation states undertake sacralization in order to legitimate the violence of establishing and expanding their sovereignty Ultimately territorialization is a form of sacralization and the foundational role of the sacred makes all nation states religious states *Stating the Sacred* offers new ways of understanding China's approach to legality

control of the populace religious freedom human rights and the structuring of international relations and it raises existential questions about the fundamental nature of the nation state *Zulu Warriors* John Laband,2014-05-27 Toward the end of the nineteenth century the British embarked on a concerted series of campaigns in South Africa Within three years they waged five wars against African states with the intent of destroying their military might and political independence and unifying southern Africa under imperial control This is the first work to tell the story of this cluster of conflicts as a single whole and to narrate the experiences of the militarily outmatched African societies Deftly fusing the widely differing European and African perspectives on events John Laband details the fateful decisions of individual leaders and generals and explores why many Africans chose to join the British and colonial forces The Xhosa Zulu and other African military cultures are brought to vivid life showing how varying notions of warrior honor and manliness influenced the outcomes for African fighting men and their societies

Political Values and Narratives of Resistance Fiona Anciano,Joanna Wheeler,2021-03-23 This book brings together multidisciplinary perspectives to explore how political values and acts of resistance impact the delivery of social justice in post colonial states Everyday life in post colonial states such as South Africa and Zimbabwe is characterized by injustices that have both a historical and contemporary nature From fishers in Cape Town accused of poaching to residents of Bulawayo demanding access to water this book focuses on the relationship between the state and groups that have been historically oppressed due to being on the margins of the political economic and social system It draws on empirical research from 12 scholars looking at cases in Brazil India South Africa and Zimbabwe Chapters explore questions such as what citizens especially those from marginalized groups want from the state The book looks at the political values of citizens and how these are formed in the process of engaging with the state and through everyday injustices It also asks why and how citizens resist the state with examples of protest as well as less visible forms of resistance reflecting complex histories and power relations Finally the book explores how narratives and counter narratives reveal the nature of political values and perceptions of what is just Taken together these elements show the evolution of post colonial social contracts Examining important themes in political science anthropology sociology and urban geography this book will appeal to scholars and students interested in political values justice social movements and resistance
