How to Remodel a Man W. Bruce Cameron, 2005-09-29 Current research suggests there is a large group of people who have been trying to change men For want of a better term let's call these people women Their urge is understandable We've all had to take measures to accommodate men because they are involved in nearly every aspect of modern life except maybe housework and they like to run things like corporate meetings and the planet The only other alternative has been to try to avoid men altogether which is pretty hard to do if you are interested in stuff like reproduction or having your oil changed That's why How to Remodel a Man is so indispensable it is a clear step by step guide for anyone who wants to alter the character and behavior of a man written by an actual man Author W Bruce Cameron provides startling insight into male pattern thinking explaining why men can open a refrigerator and not see the mayonnaise or how it is that they can throw dirty clothes at the hamper or in front of the hamper or even on top of the hamper and yet not seem capable of getting any of it in the hamper Normally changing a man has certain obstacles including but not limited to the fact that it is impossible But Cameron is able to overcome this hindrance because he himself has been remodeled In a move so bold it may be shocking to people unaccustomed to such personal courage Cameron turned himself over to the women in his life and asked them to change him It started with a list of his flaws Cameron came up with four the women came up with one hundred seventy eight and ended with him writing How to Remodel a Man so that others could learn from his experience If you're a woman you'll be amazed to learn that men can be trained to perform all sorts of tricks like using the instruments on the sides of their heads the ears to listen to you and the space between those instruments to think about you If you're a man you've been given this book so that you'll see that it's possible to watch television without holding the remote or to ask for directions from strangers without suffering a catastrophic loss of testosterone Cameron changed and you can too How to Remodel a Man is the essential guide for anyone in the awkward position of having to interact with a person of the male gender

How to Raise a Man Megan de Beyer, 2020-02-01. In How to Raise a Man as you learn more about the development of masculinity, identify your parenting style and familiarise yourself with the issues facing parenthood today, you will become a more compassionate, centred and effective parent. In this era of #metoo and all men are trash, it's evident that something is going wrong with the way men progress from childhood into adulthood and few realise how critical the role of the purposeful and emotionally empowered mother is in a boy's journey to maturity. So what does all this mean for you as the mother of an adolescent boy? Like it or not, mom, your son is Generation Z. He has been adored and treasured, photographed and recorded. Many of his generation of adolescents are outwardly assertive and outspoken and have good boundaries, yet inwardly they are full of paradoxes. And they are confusing to manage. Your Gen Z rules you. They are clever. But as a mother, you need to be smarter. Teenagers need centred adults to guide them. Confident, capable adults should never overreact, sulk, withdraw or blame, and if you find yourself resorting to this behaviour, it is time to reset your parenting methods. If you are confused or irritated by your pre-teen or teenage son or feel bewildered and hurt by his behaviour, this book will guide you to a clear understanding of teenagers in general and teenage boys in particular. Written by a parenting expert and drawing on Western psychology as well as Eastern philosophy, the processes and ideas in this practical guide will help you raise the man you want your son to be.
