Irish Potato Recipe Soup:

Best of Irish Soups Eileen O'Driscoll, 2002 This collection of 58 mouthwatering and unusual soups from Ireland includes recipes for wild garlic and potato soup cream of wild salmon soup patriot soup pea and ham soup and roast plum and cabbage soup Interesting morsels of information on associated Irish folklore and tradition enhance the recipes Illustrations throughout One Potato, Two Potato Roy Finamore, Molly Stevens, 2001 Everyone loves potatoes This book transports

cooks beyond the usual side dishes and introduces them to the secrets and specialties of great chefs and cooks the world over Finamore shows how to prepare spectacularly simple appetizers including dips chips and showstopping cocktail potatoes made from a few ordinary ingredients He presents dozens of soups and salads including rich Summer Vichyssoise and Herb Garden Potato Salad There are more than fifty main dish possibilities such as Sunday Lamb with Proper Roast Potatoes and Chicken Stuffed with Potatoes and Shiitake Mushrooms not to mention a sophisticated rendition of Shepherd's Pie The potato turns up as the hidden ingredient in such breads as Potato Cheddar Bread with Chives and in such desserts as moist Farmhouse Chocolate Cake Finamore shows how to master crisp steak fries silky mashes and sumptuous gratins A bonus feature of the book is the sweet potato in dishes from a delightfully nostalgic Baked Sweet Potatoes with Marshmallow to an urbane Semifreddo with Chocolate Sauce **Liberty**, 1927 **The Secrets of Jesuit Soupmaking** Rick

Curry, 2002-10-29 In his early years as a novice Brother Rick Curry learned that the quickest route to popularity among his peers was to master the art of cooking Soup is one of the staple foods in a Jesuit community and there is almost always a pot simmering on the stove In more than forty years as a Jesuit brother Brother Curry has traveled the world lived in many different communities and prepared many many pots of soup This collection includes recipes for sixty of his most popular soups everything from an exotic Roasted Red Pepper Soup to the classic Minestrone Milanese to a hearty Corn Chowder from a relatively simple chicken soup to the more complex Mussels Soup Billy bi But Brother Curry writes about a great deal more than soup He includes stories to savor about his life in the community of Jesuits the people he's met the meals he's enjoyed and the daily practices of patience reverence humility and care that go into making a good soup and a good life *Cooking in America, 1840-1945* Alice L. McLean, 2006-08-30 This cookbook covers the years 1840 through 1945 a time during which American cookery underwent a full scale revolution Gas and electric stoves replaced hearth cookery Milk products came from commercial dairy farms rather than the family cow Daily meals were no longer bound by seasons and regions as canned bottled and eventually frozen products flooded the market and trains began to transport produce and meat from one end of the country to the other During two World Wars and the Great Depression women entered the work force in unprecedented numbers and household servants abandoned low paying domestic jobs to work in factories As a result of these monumental changes American home cooking became irrevocably simplified and cookery skills geared more toward juggling time to comb grocery store shelves for the best and most economical products than toward butchering and preserving an entire animal

carcass or pickling fruits and vegetables This cookbook reflects these changes with each of the three chapters capturing the home cooking that typified the era The first chapter covers the pre industrial period 1840 to 1875 during this time home cooks knew how to broil roast grill fry and boil on an open hearth flame and its embers without getting severely injured They also handled whole sheep carcasses made gelatin from boiled pigs trotters grew their own yeast and prepared their own preserves The second chapter covers 1876 through 1910 a time when rapid urbanization transformed the United States from an agrarian society into an industrial giant giving rise to food corporations such as Armour Swift Campbell s Heinz and Pillsbury The mass production and mass marketing of commercial foods began to transform home cooking meat could be purchased from a local butcher or grocery store and commercial gelatin became widely available While many cooks still made their own pickles and preserves commercial varieties multiplied From 1910 to 1945 the period covered by Chapter 3 the home cook became a full fledged consumer and the national food supply became standardized to a large extent As the industrialization of the American food supply progressed commercially produced breads pastries sauces pickles and preserves began to take over kitchen cupboards and undermine the home cooks ability to produce their own meals from scratch The recipes have been culled from some of the most popular commercial and community cookbooks of the nineteenth and early twentieth centuries Taken together the more than 300 recipes reflect the major cookbook trends of the era
