Soviet-Afghan War Reagan Fancher, 2023-10-10 Fought between 1979 and 1989 the Soviet Afghan War provided vital combat experience for Osama bin Laden and his senior lieutenants in al Qaeda allowing them to hone their newly acquired skills in guerrilla warfare to later support Islamist insurgencies worldwide Yet the ruthless al Qaeda chief's success depended on the Soviet leadership's reluctant prolonging of its military occupation out of fear of leaving Afghanistan in hostile hands As relative latecomers to the ferocious Afghan frontlines the inexperienced Arab fighters benefitted militarily from the combat training unwittingly provided by their Soviet foes After skillfully obtaining this command and battle experience by working within the wartime atmosphere bin Laden channeled al Qaeda's efforts in a global jihadi campaign targeting a second superpower and its allies While allegations of U S support for the Arab jihadis have contributed to a popular image of bin Laden and al Qaeda as CIA creations the historical facts appear to demonstrate that the combat opportunities provided by the Soviet occupation forces played a far larger role in transforming them into seasoned guerrilla fighters In this second edition Reagan Fancher updates and expands his monograph in an Afterword elaborating on the contemporary U S U K perceptions of bin Laden's wartime actions and their results as he applied his battle honed guerrilla tactics judo skills and recruitment capabilities in tactically helping Yemen's anti communist Salafi guerrillas to emerge victoriously in their country's 1994 Civil War before concluding with an assessment of the founding al Qaeda leader's impact on history It offers an opportunity for today's decision makers to learn from history and avoid creating new generations of Osama bin Ladens

Her Way Don Van Natta Jr., Jeff Gerth, 2007-06-19 The truth about the most important woman in America In *Her Way* two Pulitzer Prize winning New York Times investigative journalists deliver Previously undisclosed details about the Clinton's multi decade plan for power including 8 years in the White House for Bill and 8 years for Hillary Never before revealed information about Hillary's involvement in her husband's campaigns including cover ups and the truth about Bill's draft

record New details regarding Hillary s rivalry with Al Gore and why it is likely to heat up Provocative new information about Hillary s vote to authorize the Iraq War and the steps she has taken to distance herself from that vote Revelations about Bill Clinton s role in Hillary s campaign and his surprising opinion of Barack Obama New details of Hillary s failure to adhere to Senate ethics rules and what this says about her political empire She is one of the most influential and recognizable figures in our country and perhaps the single most divisive individual in our political landscape She has been the subject of both hagiography and vitriolic smear jobs But although dozens of books have been written about her none of them have come close to uncovering the real Hillary personal political in all her complications Now as she make her historic run for the presidency Pulitzer Prize winning New York Times reporters Jeff Gerth and Don Van Natta Jr bring us the first comprehensive and balanced portrait of the most important woman in American politics Drawing upon myriad new sources and previously undisclosed documents Her Way shows us how like many women of her generation Hillary Rodham Clinton tempered a youthful idealism with the realities of corporate America and big league politics It takes readers from the dorm rooms at Wellesley to the courthouses of Arkansas and Washington to the White House and role as First Lady like none other inside the back rooms of the Senate where she expertly navigates the political and legislative shoals to her 4 million mansion in Washington where she presides over an unparalleled fundraising machine and to her war room from which she orchestrates ferocious attacks against her critics Throughout her career she has been alternately helped and hindered by her marriage to Bill Clinton Her Way unravels the mysteries of their political partnership one of the most powerful and enigmatic in American history It also explains why Hillary is such a polarizing figure And more than any other book it reveals what her ultimate hopes and ambitions are for herself and for America

Secret Affairs Mark Curtis,2018-01-04 This updated edition of Secret Affairs covers the momentous events of the past year in the Middle East and at home in the UK It reveals the unreported attempts by Britain to cultivate relations with the Muslim Brotherhood in Egypt after the fall of Mubarak the military intervention on the side of Libyan rebel forces which include pro al Qaeda elements and the ongoing reliance on the region s ultimate fundamentalist state Saudi Arabia to safeguard its interest in the Middle East It illuminates path of Salman Abedi the bomber who attacked Manchester in May 2017 and his terror network how he fought in Libya in 2011 as part of a group of fighters which the UK allowed to leave the country to go and battle against Gadafi to topple him In this ground breaking book Mark Curtis reveals the covert history of British collusion with radical Islamic and terrorist groups Secret Affairs shows how governments since the 1940s have connived with militant forces to control oil resources and overthrow governments The story of how Britain has helped nurture the rise of global terrorism has never been told **Technological Dimensions of Defence Against Terrorism**

U.F. Aydoğdu,2013-10-25 The technological developments of recent years have influenced both the threat of terrorist attacks and the defence against them and continue to be the focus of attention Terrorist groups are not slow to exploit new technological developments and adapt them to their own ends and the forces of counterterrorism cannot afford to fall behind in their understanding of potential threats This book presents the proceedings of the NATO Centre of Excellence Defence against Terrorism COE DAT Advanced Research Workshop Technological Dimensions of Defence against Terrorism held in Ankara Turkey in November 2011 Seventeen expert speakers from four countries military and civilian practitioners business leaders researchers and academics delivered a series of papers in sessions on understanding the challenges the role of technology in terrorist attacks and the role of technology against terrorist attacks The topics covered include a brief history of terrorism and technology technological advances and the impact on terrorism and counterterrorism efforts the role of the commercial world in the defence against terrorism transportation technology and its effects on the nature of terrorist attacks terrorist threats to critical energy infrastructure technology and protection systems The book is a significant contribution to the field of counterterrorism and will be of interest to all those whose work involves the relationship between technology and terrorism **Tortured Logic** Joseph Russomanno,2011-04-01 Hoisted by their own petards Donald Trump's New World

Order T. Hamid Al-Bayati, 2020-10-06 Donald Trump's New World Order addresses U.S. foreign policy initiatives during Mr. Trump's Presidency: appeasing traditional enemies such as Russia and undermining allies such as NATO and the European Union. In the book, Ambassador T. Hamid Al-Bayati outlines region-by-region policy by policy, the administration's misguided and sometimes corrupt initiatives and decisions which could potentially lead to regional conflict and global war. Highlighted within the text are the administration's relationships and interactions with Russia, China, North Korea, and the Middle East, as well as within the United States. The author's critical review of Trump's foreign policy includes the impact of trade wars, military escalation, and changing global relationships. Ambassador Al-Bayati paints a stark picture of the present standing of the U.S. and a dark future that looms on the horizon. Many experts agree that Trump's foreign policy lacks coordination, consistency, and organization. Trump often contradicts himself and his supporting staff. Concerned Americans and U.S. allies struggle to find coherence in the Trump administration's foreign policy. It zig-zags with senior administration officials saying one thing and President Trump contradicting them without warning the next day. It punishes U.S. allies and coddles U.S. adversaries; it privileges demagoguery over democracy. Mr. Trump's approach appears impulsive, improvisational, and inchoate, devoid of clear purpose, values, or even ideology. Ambassador Al-Bayati leaves nothing unexplored as he strives to organize and explain the current and future implications of Mr. Trump's presidency and policy.

The Oxford Handbook of National Security Intelligence Loch K. Johnson, 2010-03-12 The Oxford Handbook of National Security Intelligence is a state-of-the-art work on intelligence and national security. Edited by Loch Johnson, one of the world's leading authorities on the subject, the handbook examines the topic in full, beginning with an examination of the major theories of intelligence. It then shifts its focus to how intelligence agencies operate: how they collect information from around the world, the problems that come with transforming raw information into credible analysis, and the difficulties in disseminating intelligence to policymakers. It also considers the balance between secrecy and public accountability and the ethical dilemmas that covert and counterintelligence operations routinely present to intelligence agencies. Throughout, contributors factor in broader historical and political contexts that are integral to understanding how intelligence agencies function in our information-dominated age.

Mathematical Methods in Counterterrorism Nasrullah Memon, Jonathan David Farley, David L. Hicks, Torben Rosenorn, 2009-08-25 Terrorism is one of the serious threats to international peace and security that we face in this decade. No nation can consider itself immune from the dangers it poses, and no society can remain disengaged from the efforts to combat it. The term counterterrorism refers to the techniques, strategies, and tactics used in the fight against terrorism. Counterterrorism efforts involve many segments of society, especially governmental agencies, including the police, military, and intelligence agencies, both domestic and international. The goal of counterterrorism efforts is to not only detect and prevent potential future acts but also to assist in the response to events that have already occurred. A terrorist cell usually forms very quietly and then grows in a pattern spanning international borders, oceans, and hemispheres. Surprising to many, an effective

weapon just as quiet mathematics can serve as a powerful tool to combat terrorism providing the ability to connect the dots and reveal the organizational pattern of something so sinister The events of 9 11 instantly changed perceptions of the word terrorist and work especially in the United States The international community was confronted with the need to tackle a threat which was not confined to a discreet physical location This is a particular challenge to the standard instruments for projecting the legal authority of states and their power to uphold public safety As demonstrated by the events of the 9 11 attack we know that terrorist attacks can happen anywhere

Terror Cops Harry Keeble, Kris Hollington, 2010-08-05 In his two decades long career with the Metropolitan Police Detective Sergeant Harry Keeble has hunted child murderers and child abusers drug dealers and hit men And then in response to the call to arms in the wake of the July 2005 London bombings he transferred from Hackney's Child Protection Team to S Squad an elite counter terrorism unit From day one he was thrown into the front line of a number of heart stopping operations that involved deadly armed hunts for suicide bombers and bomb factories As Harry won respect for his bravery and commitment he was asked to lead increasingly complex and sensitive missions Terror Cops will contain material that must remain confidential for the time being but it will cover among other things the Haymarket bomb the Glasgow airport attacks the liquid bomb plot how terrorist cells are created the use of terrorist training camps in the UK and working in tandem with the Muslim community Terror Cops is a white knuckle ride into the battle against extremism Like the authors previous bestselling titles Crack House and Baby X the book will be written in Harry's distinctive voice and will give unprecedented insight into what it's like to fight terrorism in Britain today
